FUND LONG ISLAND SCHOOLS.

Contact The Governor

The 2010 education cuts – supported by New York City politicians – have negatively impacted the growth and development of our students on Long Island.

This is about their future. And this year, I'll once again work to make sure our children and teachers receive the funding they need to achieve success.

I encourage each of you to call, email, and write to the governor's office in Albany demanding that the GEA cuts are restored and your school gets the funding it's entitled to.

The governor can be reached at:
