ASSEMBLY
WOMEN'S EQUALITY FIRST

Assemblyman Andrew Raia believes

that the women of this state deserve laws as strong as they are. Whether it's strengthening pay equity or enacting strong protections against violence at home, Assemblyman Raia fought to enact a multipoint Women's Equality Agenda to:

- **Ensure that women receive equal pay for equal work**
- **Protect women from sexual harassment in the workplace**
- **Reimburse attorney fees when they prevail in housing, credit or employment discrimination cases**
- **Outlaw discrimination against mothers during the hiring process**
- **Prohibit housing discrimination against victims of domestic violence**
- **Allow domestic abuse victims to file for orders of protection electronically**
- **Support mothers-to-be in the workplace**
- **Strengthen penalties against human traffickers**

LEADING WITH COMPASSION. FIGHTING FOR FAIRNESS.
