When we invest in our children, everyone wins

Assemblymember

Robinson

is helping families get started on the path to success.

Early education. Quality child care. Both mean a solid foundation that our kids — and parents — need to be successful. Assemblymember Robinson has a plan to help Bed-Stuy (Brooklyn) families.

- Implement Universal Pre-K. Children who participate in early education programs are more likely to succeed in school and beyond.
- Expand before/after-school programs to provide children with extended learning time and safe supervision.
- Increase access to quality, affordable child care so parents are able to work and provide for their families.

"Every child deserves to start out on the right path. I'm committed to building a foundation for our community that provides every child with the best chance for success."
