Reforming Common Core and protecting taxpayers

Tell the Senate to pass the Assembly's bill (A.8929)

BEFORE APRIL 1ST TESTING BEGINS.

Our Common Core reforms put children first and protect $1.4 billion in annual funding.

The Assembly's bill:

- Prohibits test scores from being the primary factor for student placement
- Eliminates unnecessary testing for grades K-2
- Delays the sharing of student data to protect privacy and gives parents the choice to opt out

See the bill at: *assembly.state.ny.us/leg/?bn=a8929*

"The bureaucratic rollout of Common Core has caused frustration and anxiety for our children and their parents. That is why I helped pass legislation to protect students from the effects of Common Core testing (A.8929). Educating our children is our most important responsibility."
