32 Section 1. The public health law is amended by adding a new section  
33 280 to read as follows:

34 § 280. High cost drugs. 1. Legislative purpose. There is hereby  
35 declared to be a significant public interest in the transparency of the  
36 costs and prices of drugs, and in being able to review the economic  
37 value of certain drugs to the public. This would benefit the citizens of  
38 the state who have a medical need for such drugs and whose tax dollars  
39 contribute to making such drugs available to the recipients of public  
40 health insurance programs. It is therefore intended that the department  
41 collect information related to drug costs and prices, and with the  
42 assistance of the drug utilization review board established by section  
43 three hundred sixty-nine-bb of the social services law, identify high  
44 priced drugs for which a per-unit benchmark price can be determined.  
45 Such drugs will be subject to the rebate provisions of subdivision six  
46 of this section if the drugs are paid for by the Medicaid program, and  
47 to a surcharge in accordance with the provisions of article twenty-C of  
48 the tax law.

49 2. High priced drugs. (a) The department may identify, for review,  
50 drugs which:

51 (i) when first introduced on the market, are prohibitively expensive  
52 for patients who could benefit from the drug; or

1 (ii) suddenly or over a relatively brief period of time experience a  
2 large price increase and such increase is not explained by a significant  
3 increase in ingredient costs or by some other relevant factor; or

4 (iii) are priced disproportionately given that they offer limited ther-  
5 apeutic benefits.

6 (b) Drugs identified by the department for review may include:

7 (i) brand name or generic drugs;

8 (ii) drugs produced by multiple manufacturers or by a single manufac-  
9 turer;

10 (iii) drugs reimbursed by commercial and/or public payers; and

11 (iv) prescription and non-prescription drugs.

12 3. Reporting requirements. (a) Drug manufacturers shall provide the  
13 department, upon request, the following information with respect to  
14 drugs identified by the department for review:

15 (i) the actual cost of developing, manufacturing, producing (including  
16 the cost per dose of production), and distributing the drug;

17 (ii) research and development costs of the drug, including payments to  
18 predecessor entities conducting research and development, such as  
19 biotechnology companies, universities and medical schools, and private  
20 research institutions;

21 (iii) administrative, marketing, and advertising costs for the drug,  
22 apportioned by marketing activities that are directed to consumers,  
23 marketing activities that are directed to prescribers, and the total  
24 cost of all marketing and advertising that is directed primarily to  
25 consumers and prescribers in New York, including but not limited to  
26 prescriber detailing, copayment discount programs, and direct-to-consum-  
27 er marketing;

28 (iv) the extent of utilization of the drug;

29 (v) prices for the drug that are charged to purchasers outside the  
30 United States;

31 (vi) prices charged to typical purchasers in the state, including but  
32 not limited to pharmacies, pharmacy chains, pharmacy wholesalers, or  
33 other direct purchasers;

34 (vii) the average rebates and discounts provided per payer type; and

35 (viii) the average profit margin of each drug over the prior five-year  
36 period and the projected profit margin anticipated for such drug.

37 (b) The department shall develop a standard reporting form that satis-  
38 fies the requirements of paragraph (a) of this subdivision.

39 (c) All information disclosed pursuant to paragraph (a) of this subdi-  
40 vision shall be considered confidential and shall not be disclosed by  
41 the department in a form that identifies a specific manufacturer or  
42 prices charged for drugs by such manufacturer, except as the commission-  
43 er determines is necessary to carry out this section, or to allow the  
44 department, the attorney general, the state comptroller, or the centers  
45 for Medicare and Medicaid services to perform audits or investigations  
46 authorized by law.

47 4. Review of drug cost and pricing. The department may refer cost and  
48 pricing information collected pursuant to subdivision three of this  
49 section with respect to a particular drug to the drug utilization review  
50 board, and request the board to recommend a value-based, per-unit bench-  
51 mark price for the drug, taking into consideration such cost and pricing  
52 information as well as other factors, including but not limited to:

53 (a) the seriousness and prevalence of the disease or condition that is  
54 treated by the drug;

55 (b) the extent of utilization of the drug;

1 (c) the effectiveness of the drug in treating the conditions for which  
2 it is prescribed;

3 (d) the likelihood that use of the drug will reduce the need for other  
4 medical care, including hospitalization;

5 (e) the average wholesale price and retail price of the drug;

6 (f) the number of pharmaceutical manufacturers that produce the drug;  
7 and

8 (g) whether there are pharmaceutical equivalents to the drug.

9 5. Designation of high priced drugs. If the price at which a drug is  
10 being sold by a manufacturer exceeds the benchmark price for the drug  
11 determined by the department pursuant to this section, the commissioner  
12 shall designate such drug a high priced drug. The commissioner shall  
13 publish on the department website a list of drugs designated as high  
14 priced drugs pursuant to this subdivision, along with the date on which  
15 each drug first appeared on such list and the benchmark price for such  
16 drug determined by the department.

17 6. Rebates. (a) The commissioner may require a drug manufacturer to  
18 provide rebates to the department for a drug determined to be a high  
19 priced drug pursuant to subdivision four of this section when such drug  
20 is paid for under the Medicaid program. In determining the amount of any  
21 such rebate, the commissioner may consider information provided by the  
22 drug manufacturer with respect to surcharges paid by the manufacturer,  
23 or decreases in the price of the drug as a result of surcharges paid by  
24 others, pursuant to article twenty-C of the tax law.

25 (b) Rebates required by this section shall be in addition to any  
26 rebates payable to the department pursuant to any other provision of  
27 federal or state law. The additional rebates authorized pursuant to  
28 this subparagraph shall apply to drugs dispensed to enrollees of managed  
29 care providers pursuant to section three hundred sixty-four-j of the  
30 social services law and to drugs dispensed to Medicaid recipients who  
31 are not enrollees of such providers.

32 § 2. The tax law is amended by adding a new article 20-C to read as  
33 follows:

34 ARTICLE 20-C

35 SURCHARGE ON HIGH PRICED DRUGS

36 Section 492. Definitions.

37 493. Imposition of surcharge.

38 494. Returns to be secret.

39 § 492. Definitions. 1. The following terms shall have the following  
40 meanings when used in this section.

41 (a) "High priced drug" shall mean a drug determined to be a high  
42 priced drug pursuant to section two hundred eighty of the public health  
43 law, but not until the fifteenth day after the day the drug first  
44 appeared on a list of such drugs to be maintained by the state depart-  
45 ment of health on its website pursuant to subdivision seven of section  
46 four hundred ninety-three of this article.

47 (b) "Gross receipt" shall mean the amount received in or by reason of  
48 any sale of a high priced drug, conditional or otherwise, or in or by  
49 reason of the furnishing of such high priced drug. Gross receipt is  
50 expressed in money, whether paid in cash, credit or property of any kind  
51 or nature, and shall be determined without any deduction therefrom on  
52 account of the cost of the service sold or the cost of materials, labor  
53 or services used or other costs, interest or discount paid, or any other  
54 expenses whatsoever. "Amount received" for the purpose of the definition  
55 of gross receipt, as used throughout this article, means the amount  
56 charged for the sale or provision of a high priced drug.

1 (c) "Establishment" shall mean any person, firm, corporation or asso-  
2 ciation required to be registered with the education department pursuant  
3 to section six thousand eight hundred eight or section six thousand  
4 eight hundred eight-b of the education law and any person, firm, corpo-  
5 ration or association that would be required to be registered with the  
6 education department pursuant to section six thousand eight hundred  
7 eight-b of the education law but for the exception in subdivision two of  
8 such section.

9 (d) "Excess charge amount of the gross receipt" shall mean the differ-  
10 ence between the price charged by an establishment for a high priced  
11 drug and the benchmark price for such drug as determined by the depart-  
12 ment of health pursuant to section two hundred eighty of the public  
13 health law.

14 (e) "Invoice" shall mean the invoice, sales slip, memorandum of sale,  
15 or other document evidencing a sale of a high priced drug.

16 § 493. Imposition of surcharge. 1. There is hereby imposed a surcharge  
17 on the excess charge amount of the gross receipt from the first sale in  
18 the state of a high priced drug by an establishment at the rate of sixty  
19 percent. The surcharge imposed by this article shall be charged against  
20 and be paid by the establishment making such first sale and shall not be  
21 added as a separate charge or line item on any invoice given to the  
22 customer or otherwise passed down to the customer. However, an estab-  
23 lishment liable for the surcharge imposed by this article shall clearly  
24 note on the invoice for the first sale of such high priced drug in the  
25 state its liability for the surcharge imposed by this article with  
26 regard to such sale, along with its name, address, and taxpayer iden-  
27 tification number. Any sale of a high priced drug in this state shall be  
28 presumed to be the first sale of such drug in the state unless the sell-  
29 er with regard to such sale can prove that the surcharge imposed by this  
30 article is due from another establishment in the chain of title of such  
31 drug, which burden can be satisfied, among other ways, by producing an  
32 invoice from the establishment owing such surcharge in which such estab-  
33 lishment has noted its liability for such surcharge.

34 2. Every establishment liable for the surcharge imposed by this arti-  
35 cle shall, on or before the twentieth date of each month, file with the  
36 commissioner a return, on forms to be prescribed by the commissioner,  
37 showing the total excess charge amount of its gross receipt from the  
38 first sale in the state of high priced drugs during the preceding calen-  
39 dar month and the amount of surcharge due thereon. Such returns shall  
40 contain such further information as the commissioner may require. Every  
41 establishment required to file a return under this section shall, at the  
42 time of filing such return, pay to the commissioner the total amount of  
43 surcharge due on such first sales of high priced drugs for the period  
44 covered by such return. If a return is not filed when due, the surcharge  
45 shall be due on the day on which the return is required to be filed.

46 3. Establishments making sales of high priced drugs in this state  
47 shall maintain all invoices pertaining to such sales for three years  
48 after such sales unless the commissioner provides for a different  
49 retention period by rule or regulation. The establishment shall produce  
50 such records upon demand by the department.

51 4. Whenever the commissioner shall determine that any moneys received  
52 under the provisions of this article were paid in error, he may cause  
53 the same to be refunded, with interest, in accordance with such rules  
54 and regulations as he or she may prescribe, except that no interest  
55 shall be allowed or paid if the amount thereof would be less than one  
56 dollar. Such interest shall be at the overpayment rate set by the

1 commissioner pursuant to subdivision twenty-sixth of section one hundred  
2 seventy-one of this chapter, or if no rate is set, at the rate of six  
3 percent per annum, from the date when the surcharge, penalty or interest  
4 to be refunded was paid to a date preceding the date of the refund check  
5 by not more than thirty days. Provided, however, that for the purposes  
6 of this subdivision, any surcharge paid before the last day prescribed  
7 for its payment shall be deemed to have been paid on such last day. Such  
8 moneys received under the provisions of this article that the commis-  
9 sioner shall determine were paid in error, may be refunded out of funds  
10 in the custody of the comptroller to the credit of such surcharges  
11 provided an application therefor is filed with the commissioner within  
12 two years from the time the erroneous payment was made.

13 5. The provisions of article twenty-seven of this chapter shall apply  
14 to the surcharge imposed by this article in the same manner and with the  
15 same force and effect as if the language of such article had been incor-  
16 porated in full into this section and had expressly referred to the  
17 surcharge imposed by this article, except to the extent that any  
18 provision of such article is either inconsistent with a provision of  
19 this article or is not relevant to this article.

20 6. (a) The surcharges, interest, and penalties imposed by this article  
21 and collected or received by the commissioner shall be deposited daily  
22 with such responsible banks, banking houses or trust companies, as may  
23 be designated by the superintendent of financial services, to the credit  
24 of the high priced drug reimbursement fund established pursuant to  
25 section eighty-nine-j of the state finance law. An account may be estab-  
26 lished in one or more of such depositories. Such deposits will be kept  
27 separate and apart from all other money in the possession of the super-  
28 intendent of financial services. The superintendent of financial  
29 services shall require adequate security from all such depositories. Of  
30 the total revenue collected or received under this article, the super-  
31 intendent of financial services shall retain such amount as the commis-  
32 sioner may determine to be necessary for refunds under this article. The  
33 commissioner is authorized and directed to deduct from the amounts it  
34 receives under this article, before deposit into the trust accounts  
35 designated by the superintendent of financial services, a reasonable  
36 amount necessary to effectuate refunds of appropriations of the depart-  
37 ment to reimburse the department for the costs incurred to administer,  
38 collect and distribute the surcharges imposed by this article.

39 (b) On or before the twelfth and twenty-sixth day of each succeeding  
40 month, after reserving such amount for such refunds and deducting such  
41 amounts for such costs, as provided for in paragraph (a) of this  
42 subsection, the commissioner shall certify to the superintendent of  
43 financial services the amount of all revenues so received during the  
44 prior month as a result of the surcharges, interest and penalties so  
45 imposed. The amount of revenues so certified shall be paid over by the  
46 fifteenth and the final business day of each succeeding month from such  
47 account into the high priced drug reimbursement fund established pursu-  
48 ant to section eighty-nine-j of the state finance law.

49 7. The state department of health shall maintain and publish on its  
50 website a list of drugs determined, pursuant to section two hundred  
51 eighty of the public health law, to be high priced drugs, along with the  
52 date on which each drug first appeared on that list and the benchmark  
53 price for such drug determined pursuant to section two hundred eighty of  
54 the public health law by the department of health. Promptly after  
55 including a high priced drug on such list, the state department of

1 health shall notify the manufacturer of such drug and the department  
2 that the drug has been determined to be a high priced drug.

3 8. The state department of education and the state department of  
4 health shall cooperate with the department in administering this  
5 surcharge, including sharing with the department pertinent information  
6 about establishments upon the request of the commissioner.

7 9. The commissioner may make, adopt and amend rules, regulations,  
8 procedures and forms necessary for the proper administration of this  
9 article.

10 § 494. Returns to be secret. 1. Except in accordance with proper judi-  
11 cial order or as in this section or otherwise provided by law, it shall  
12 be unlawful for the commissioner, any officer or employee of the depart-  
13 ment, or any officer or person who, pursuant to this section, is permit-  
14 ted to inspect any return or report or to whom a copy, an abstract or a  
15 portion of any return or report is furnished, or to whom any information  
16 contained in any return or report is furnished, or any person engaged or  
17 retained by such department on an independent contract basis or any  
18 person who in any manner may acquire knowledge of the contents of a  
19 return or report filed pursuant to this article to divulge or make known  
20 in any manner the contents or any other information relating to the  
21 business of an establishment contained in any return or report required  
22 under this article. The officers charged with the custody of such  
23 returns or reports shall not be required to produce any of them or  
24 evidence of anything contained in them in any action or proceeding in  
25 any court, except on behalf of the state, the state department of  
26 health, the state department of education or the commissioner in an  
27 action or proceeding under the provisions of this chapter or on behalf  
28 of the state or the commissioner in any other action or proceeding  
29 involving the collection of a tax due under this chapter to which the  
30 state or the commissioner is a party or a claimant or on behalf of any  
31 party to any action or proceeding under the provisions of this article,  
32 when the returns or the reports or the facts shown thereby are directly  
33 involved in such action or proceeding, or in an action or proceeding  
34 relating to the regulation or surcharge of high priced drugs on behalf  
35 of officers to whom information shall have been supplied as provided in  
36 subsection two of this section, in any of which events the court may  
37 require the production of, and may admit in evidence so much of said  
38 returns or reports or of the facts shown thereby as are pertinent to the  
39 action or proceeding and no more. Nothing herein shall be construed to  
40 prohibit the commissioner, in his or her discretion, from allowing the  
41 inspection or delivery of a certified copy of any return or report filed  
42 under this article or of any information contained in any such return or  
43 report by or to a duly authorized officer or employee of the state  
44 department of health or the state department of education; or by or to  
45 the attorney general or other legal representatives of the state when an  
46 action shall have been recommended or commenced pursuant to this chapter  
47 in which such returns or reports or the facts shown thereby are directly  
48 involved; or the inspection of the returns or reports required under  
49 this article by the comptroller or duly designated officer or employee  
50 of the state department of audit and control, for purposes of the audit  
51 of a refund of any surcharge paid by an establishment or other person  
52 under this article; nor to prohibit the delivery to an establishment, or  
53 a duly authorized representative of such establishment, a certified copy  
54 of any return or report filed by such establishment pursuant to this  
55 article, nor to prohibit the publication of statistics so classified as

1 to prevent the identification of particular returns or reports and the  
2 items thereof.

3 2. The commissioner, in his or her discretion and pursuant to such  
4 rules and regulations as he or she may adopt, may permit the commission-  
5 er of internal revenue of the United States, or the appropriate officers  
6 of any other state which regulates or surcharges high priced drugs, or  
7 the duly authorized representatives of such commissioner or of any such  
8 officers, to inspect returns or reports made pursuant to this article,  
9 or may furnish to such commissioner or other officers, or duly author-  
10 ized representatives, a copy of any such return or report or an abstract  
11 of the information therein contained, or any portion thereof, or may  
12 supply such commissioner or any such officers or such representatives  
13 with information relating to the business of an establishment making  
14 returns or reports hereunder. The commissioner may refuse to supply  
15 information pursuant to this subsection to the commissioner of internal  
16 revenue of the United States or to the officers of any other state if  
17 the statutes of the United States, or of the state represented by such  
18 officers, do not grant substantially similar privileges to the commis-  
19 sioner, but such refusal shall not be mandatory. Information shall not  
20 be supplied to the commissioner of internal revenue of the United States  
21 or the appropriate officers of any other state which regulates or  
22 surcharges high priced drugs, or the duly authorized representatives of  
23 such commissioner or of any of such officers, unless such commissioner,  
24 officer or other representatives shall agree not to divulge or make  
25 known in any manner the information so supplied, but such officers may  
26 transmit such information to their employees or legal representatives  
27 when necessary, who in turn shall be subject to the same restrictions as  
28 those hereby imposed upon such commissioner, officer or other represen-  
29 tatives.

30 3. (a) Any officer or employee of the state who willfully violates the  
31 provisions of subsection one or two of this section shall be dismissed  
32 from office and be incapable of holding any public office in this state  
33 for a period of five years thereafter.

34 (b) Cross-reference: For criminal penalties, see article thirty-seven  
35 of this chapter.

36 § 3. Section 1825 of the tax law, as amended by section 89 of part A  
37 of chapter 59 of the laws of 2014, is amended to read as follows:

38 § 1825. Violation of secrecy provisions of the tax law.--Any person  
39 who violates the provisions of subdivision (b) of section twenty-one,

11 Medicaid program's respective costs attributable to each pharmaceutical  
12 product for which the surcharge on high price drugs was imposed. The

20 are amended to read as follows:

21 Notwithstanding any inconsistent provision of law or regulation to the  
22 contrary, for those drugs which may not be dispensed without a  
23 prescription as required by section sixty-eight hundred ten of the  
24 education law and for which payment is authorized pursuant to paragraph  
25 (g) of subdivision two of section three hundred sixty-five-a of this  
26 title, and for those drugs that are available without a prescription as  
27 required by section sixty-eight hundred ten of the education law but are  
28 reimbursed as items of medical assistance pursuant to paragraph (a) of  
29 subdivision four of section three hundred sixty-five-a of this title,  
30 payments under this title shall be made at the following amounts:

31 (i) [if the drug dispensed is a multiple source prescription drug for

43 sition cost as determined by department surveys; or (D) the dispensing  
44 pharmacy's usual and customary price charged to the general public; and]  
45 if the drug dispensed is a generic prescription drug, or is a drug that  
46 is available without a prescription as required by section sixty-eight  
47 hundred ten of the education law but is reimbursed as an item of medical  
48 assistance pursuant to paragraph (a) of subdivision four of section  
49 three hundred sixty-five-a of this title, the lower of: (A) an amount  
50 equal to the national average drug acquisition cost set by the federal  
51 centers for medicare and medicaid services for the drug, if any, or if  
52 such amount if not available, the wholesale acquisition cost of the drug  
53 based on the package size dispensed from, as reported by the  
54 prescription drug pricing service used by the department, less seventeen  
55 and one-half percent thereof; (B) the federal upper limit, if any,

14 dispensed from, as reported by the prescription drug pricing service  
15 used by the department, minus zero and forty-one hundredths percent  
16 thereof, and updated monthly by the department. For multiple source  
17 generic drugs, estimated acquisition cost means the lower of the average  
18 wholesale price of a prescription drug based on the package size  
19 dispensed from, as reported by the prescription drug pricing service

27 October 1, 2017; provided, further, that the amendments to section 365-h  
28 of the social services law made by section one of this act shall not  
29 affect the repeal of such section and shall be deemed repealed there-

31 PART G

32 Section 1. Subdivision 1 of section 92 of part H of chapter 59 of the  
33 laws of 2011, amending the public health law and other laws relating to  
34 known and projected department of health state fund medicaid expendi-  
35 tures, as separately amended by section 1 of part JJ of chapter 54 and  
36 section 18 of part B of chapter 59 of the laws of 2016, is amended to  
37 read as follows:

38 1. For state fiscal years 2011-12 through [2017-18] 2018-19, the  
39 director of the budget, in consultation with the commissioner of health  
40 referenced as "commissioner" for purposes of this section, shall assess  
41 on a monthly basis, as reflected in monthly reports pursuant to subdivi-  
42 sion five of this section known and projected department of health state  
43 funds medicaid expenditures by category of service and by geographic  
44 regions, as defined by the commissioner, and if the director of the  
45 budget determines that such expenditures are expected to cause medicaid  
46 disbursements for such period to exceed the projected department of  
47 health medicaid state funds disbursements in the enacted budget finan-  
48 cial plan pursuant to subdivision 3 of section 23 of the state finance  
49 law, the commissioner of health, in consultation with the director of  
50 the budget, shall develop a medicaid savings allocation plan to limit  
51 such spending to the aggregate limit level specified in the enacted  
52 budget financial plan, provided, however, such projections may be  
53 adjusted by the director of the budget to account for any changes in the  
54 New York state federal medical assistance percentage amount established

1 pursuant to the federal social security act, changes to the availability  
2 of federal financial participation in medicaid expenditures, or change  
3 in federal medicaid eligibility criteria, changes in provider revenues,  
4 reductions to local social services district medical assistance adminis-  
5 tration, minimum wage increases, and beginning April 1, 2012 the opera-  
6 tional costs of the New York state medical indemnity fund and state  
7 costs or savings from the basic health plan. Such projections may be  
8 adjusted by the director of the budget to account for increased or expe-  
9 dited department of health state funds medicaid expenditures as a result  
10 of a natural or other type of disaster, including a governmental decla-  
11 ration of emergency.

12 § 2. Notwithstanding sections 61, 63, 70, 78, 79, 81 and 81-a of the  
13 civil service law or any provisions to the contrary contained in any  
14 general, special, or local laws:

20 be eligible for appointment to appropriate positions, designated by the  
21 office of health insurance programs in the department, that are classi-  
22 fied to perform such functions without further examination or qualifica-  
23 tion; and, upon such appointment and satisfactory completion of a proba-  
24 tionary period, will have all the rights and privileges of the  
25 jurisdictional classification to which such positions are allocated in  
26 the classified service of the state;

27 2. student assistants working in the department of health's office of  
28 health insurance programs through the department of civil service  
29 student assistant classification who meet the open competitive quali-  
30 fications for traineeship classifications in titles approved by the  
31 department of civil service will be eligible for appointment to such  
32 appropriate traineeship positions, designated by the office of health  
33 insurance programs in the department of health, without further examina-  
34 tion or qualification; and, upon such appointment and satisfactory  
35 completion of a probationary period, will have all the rights and privi-  
36 leges of the jurisdictional classification to which such traineeship  
37 positions are allocated in the classified service of the state; and

38 3. within 90 days of the effective date of this section, the depart-  
39 ment of civil service, in consultation with the department of health,  
40 shall establish a health care service career internship program. This  
41 program will be designed to prepare individuals with master's degrees in  
42 public administration or a related health care field for management  
43 positions within the department of health's office of health insurance  
44 programs. The program will offer career tracks in the health insurance  
45 program management areas of budget and finance, long term care, health  
46 homes, outpatient patient care, and health care public policy. During a  
47 two-year internship, interns will serve in a variety of professional  
48 positions within the department of health's office of health insurance  
49 programs and be provided specialized training, rotational assignments,  
50 and mentoring. After satisfactory completion of the internship, interns  
51 will advance to a permanent competitive class grade 18 position in the  
52 various titles utilized within the department of health's office of  
53 health insurance programs for health insurance program management with-  
54 out further examination or qualification; and, upon such appointment and  
55 satisfactory completion of a probationary period, will have all the

1 rights and privileges of the jurisdictional classification to which such  
2 positions are allocated in the classified service of the state.

3 § 3. Section 4-a of part C of chapter 58 of the laws of 2005, author-

9 reimbursed under subdivision (a) of this section to a social services  
10 district which includes a city with a population of more than five  
11 million shall be reduced annually by 50 million dollars unless:

12 (i) By June 30, 2017, such district has a shared savings allocation  
13 plan approved by the commissioner of health to increase by 100 million  
14 dollars the current annual dollar amount of the city's finally submitted  
15 and payable Medicaid claims for preschool and school supportive health  
16 services eligible for federal financial participation; the department of  
17 health will provide technical assistance as needed to assist the social  
18 services district in implementing the plan, which must detail: how the  
19 city will identify preschool and school-aged children who are receiving  
20 preschool and school supportive health services reimbursable under the  
21 current Medicaid state plan and submit claims for reimbursement; and how  
22 the plan will generate fifty million dollars in state savings to the  
23 Medicaid program. Such plan may be revised, subject to the review and  
24 approval of the commissioner of health, as necessary to maintain the  
25 increased level of claiming and to generate the required Medicaid state  
26 savings in subsequent fiscal years; and

27 (ii) On October 1, 2017 and annually thereafter, the commissioner of  
28 health determines that ongoing activities under the approved shared  
29 savings allocation plan approved pursuant to subparagraph (i) of this  
30 paragraph are likely to achieve the targeted dollar amount of payable  
31 Medicaid claims for preschool and school supportive health services for  
32 the applicable fiscal year; the social services district and city shall  
33 provide such information and documentation as the commissioner of health  
34 may require in order to make such determination.

35 (iii) The non-federal share of the costs of services for which claims  
36 are submitted as a result of the implementation of the shared savings  
37 allocation plan established pursuant to this paragraph shall be the  
38 responsibility of the social services district.

39 (iv) Any reduction in the amount due to be reimbursed under subdivi-  
40 sion (a) of this section as a result of the operation of this subdivi-  
41 sion shall be in addition to any reduction imposed pursuant to subdivi-  
42 sion (c) of this section or authorized pursuant to any other applicable  
43 law.

44 § 4. This act shall take effect immediately and shall be deemed to  
45 have been in full force and effect on and after April 1, 2017.

30 for the period April first, two thousand fourteen through March thirty-  
31 first, two thousand seventeen, and within amounts appropriated for each

36 going to New York city and one-third of the available funding going to  
37 the rest of the state and shall be available for distribution as  
38 follows:

39 Distributions shall first be made to consortia and teaching general  
40 hospitals for the empire clinical research investigator program (ECRIP)  
41 to help secure federal funding for biomedical research, train clinical  
42 researchers, recruit national leaders as faculty to act as mentors, and  
43 train residents and fellows in biomedical research skills based on  
44 hospital-specific data submitted to the commissioner by consortia and  
45 teaching general hospitals in accordance with clause (G) of this subpar-  
46 agraph. Such distributions shall be made in accordance with the follow-  
47 ing methodology:

48 (A) The greatest number of clinical research positions for which a  
49 consortium or teaching general hospital may be funded pursuant to this  
50 subparagraph shall be one percent of the total number of residents  
51 training at the consortium or teaching general hospital on July first,  
52 two thousand eight for the period January first, two thousand nine  
53 through December thirty-first, two thousand nine rounded up to the near-  
54 est one position.

55 (B) Distributions made to a consortium or teaching general hospital  
56 shall equal the product of the total number of clinical research posi-

1 tions submitted by a consortium or teaching general hospital and  
2 accepted by the commissioner as meeting the criteria set forth in para-  
3 graph (b) of subdivision one of this section, subject to the reduction  
4 calculation set forth in clause (C) of this subparagraph, times one  
5 hundred ten thousand dollars.

6 (C) If the dollar amount for the total number of clinical research  
7 positions in the region calculated pursuant to clause (B) of this  
8 subparagraph exceeds the total amount appropriated for purposes of this  
9 paragraph, including clinical research positions that continue from and  
10 were funded in prior distribution periods, the commissioner shall elimi-  
11 nate one-half of the clinical research positions submitted by each  
12 consortium or teaching general hospital rounded down to the nearest one  
13 position. Such reduction shall be repeated until the dollar amount for  
14 the total number of clinical research positions in the region does not  
15 exceed the total amount appropriated for purposes of this paragraph. If  
16 the repeated reduction of the total number of clinical research posi-  
17 tions in the region by one-half does not render a total funding amount  
18 that is equal to or less than the total amount reserved for that region  
19 within the appropriation, the funding for each clinical research posi-  
20 tion in that region shall be reduced proportionally in one thousand  
21 dollar increments until the total dollar amount for the total number of  
22 clinical research positions in that region does not exceed the total  
23 amount reserved for that region within the appropriation. Any reduction  
24 in funding will be effective for the duration of the award. No clinical  
25 research positions that continue from and were funded in prior distrib-  
26 ution periods shall be eliminated or reduced by such methodology.

27 (D) Each consortium or teaching general hospital shall receive its  
28 annual distribution amount in accordance with the following:

29 (I) Each consortium or teaching general hospital with a one-year ECRIP  
30 award shall receive its annual distribution amount in full upon  
31 completion of the requirements set forth in items (I) and (II) of clause  
32 (G) of this subparagraph. The requirements set forth in items (IV) and  
33 (V) of clause (G) of this subparagraph must be completed by the consor-  
34 tium or teaching general hospital in order for the consortium or teach-  
35 ing general hospital to be eligible to apply for ECRIP funding in any  
36 subsequent funding cycle.

37 (II) Each consortium or teaching general hospital with a two-year  
38 ECRIP award shall receive its first annual distribution amount in full  
39 upon completion of the requirements set forth in items (I) and (II) of  
40 clause (G) of this subparagraph. Each consortium or teaching general  
41 hospital will receive its second annual distribution amount in full upon  
42 completion of the requirements set forth in item (III) of clause (G) of  
43 this subparagraph. The requirements set forth in items (IV) and (V) of  
44 clause (G) of this subparagraph must be completed by the consortium or  
45 teaching general hospital in order for the consortium or teaching gener-  
46 al hospital to be eligible to apply for ECRIP funding in any subsequent  
47 funding cycle.

48 (E) Each consortium or teaching general hospital receiving distrib-  
49 utions pursuant to this subparagraph shall reserve seventy-five thousand  
50 dollars to primarily fund salary and fringe benefits of the clinical  
51 research position with the remainder going to fund the development of  
52 faculty who are involved in biomedical research, training and clinical  
53 care.

54 (F) Undistributed or returned funds available to fund clinical  
55 research positions pursuant to this paragraph for a distribution period

1 shall be available to fund clinical research positions in a subsequent  
2 distribution period.

3 (G) In order to be eligible for distributions pursuant to this subpar-  
4 agraph, each consortium and teaching general hospital shall provide to  
5 the commissioner by July first of each distribution period, the follow-  
6 ing data and information on a hospital-specific basis. Such data and  
7 information shall be certified as to accuracy and completeness by the  
8 chief executive officer, chief financial officer or chair of the consor-  
9 tium governing body of each consortium or teaching general hospital and  
10 shall be maintained by each consortium and teaching general hospital for  
11 five years from the date of submission:

12 (I) For each clinical research position, information on the type,  
13 scope, training objectives, institutional support, clinical research  
14 experience of the sponsor-mentor, plans for submitting research outcomes  
15 to peer reviewed journals and at scientific meetings, including a meet-  
16 ing sponsored by the department, the name of a principal contact person  
17 responsible for tracking the career development of researchers placed in  
18 clinical research positions, as defined in paragraph (c) of subdivision  
19 one of this section, and who is authorized to certify to the commission-  
20 er that all the requirements of the clinical research training objec-  
21 tives set forth in this subparagraph shall be met. Such certification  
22 shall be provided by July first of each distribution period;

23 (II) For each clinical research position, information on the name,  
24 citizenship status, medical education and training, and medical license  
25 number of the researcher, if applicable, shall be provided by December  
26 thirty-first of the calendar year following the distribution period;

27 (III) Information on the status of the clinical research plan, accom-  
28 plishments, changes in research activities, progress, and performance of  
29 the researcher shall be provided upon completion of one-half of the  
30 award term;

31 (IV) A final report detailing training experiences, accomplishments,  
32 activities and performance of the clinical researcher, and data, meth-  
33 ods, results and analyses of the clinical research plan shall be  
34 provided three months after the clinical research position ends; and

35 (V) Tracking information concerning past researchers, including but  
36 not limited to (A) background information, (B) employment history, (C)  
37 research status, (D) current research activities, (E) publications and  
38 presentations, (F) research support, and (G) any other information  
39 necessary to track the researcher; and

40 (VI) Any other data or information required by the commissioner to  
41 implement this subparagraph.

42 (H) Notwithstanding any inconsistent provision of this subdivision,  
43 for periods on and after April first, two thousand thirteen, ECRIP grant  
44 awards shall be made in accordance with rules and regulations promulgat-  
45 ed by the commissioner. Such regulations shall, at a minimum:

46 (1) provide that ECRIP grant awards shall be made with the objective  
47 of securing federal funding for biomedical research, training clinical  
48 researchers, recruiting national leaders as faculty to act as mentors,  
49 and training residents and fellows in biomedical research skills;

19 (h) The superintendent may issue a replacement for a currently  
20 in-force license that has been lost or destroyed. Before the replacement  
21 license shall be issued, there shall be on file in the office of the  
22 superintendent a written application for the replacement license,  
23 affirming under penalty of perjury that the original license has been  
24 lost or destroyed, together with a fee of one hundred dollars.

25 § 2907. Revocation or suspension of a registration or license of a  
26 pharmacy benefit manager. (a) The superintendent may refuse to renew,  
27 revoke, or may suspend for a period the superintendent determines the  
28 registration or license of any pharmacy benefit manager if, after notice  
29 and hearing, the superintendent determines that the registrant or licen-  
30 see or any member, principal, officer, director, or controlling person  
31 of the registrant or licensee, has:

32 (1) violated any insurance laws, or violated any regulation, subpoena

34 sioner, or has violated any law in the course of his or her dealings in  
35 such capacity;

36 (2) provided materially incorrect, materially misleading, materially

51 (7) has been convicted of a felony;

52 (8) admitted or been found to have committed any insurance unfair

1 (10) failed to pay state income tax or comply with any administrative  
2 or court order directing payment of state income tax; or

3 (11) ceased to meet the requirements for registration or licensure  
4 under this article.

5 (b) Before revoking or suspending the registration or license of any  
6 pharmacy benefit manager pursuant to the provisions of this article, the  
7 superintendent shall give notice to the registrant or licensee and to  
8 every sub-licensee and shall hold, or cause to be held, a hearing not  
9 less than ten days after the giving of such notice.

10 (c) If a registration or license pursuant to the provisions of this  
11 article is revoked or suspended by the superintendent, then the super-  
12 intendent shall forthwith give notice to the registrant or licensee.

13 (d) The revocation or suspension of any registration or license pursu-  
14 ant to the provisions of this article shall terminate forthwith such  
15 registration or license and the authority conferred thereby upon all  
16 sub-licensees.

17 (e) (1) No individual, corporation, firm or association whose registra-  
18 tion or license as a pharmacy benefit manager subject to subsection (a)  
19 of this section has been revoked, and no firm or association of which  
20 such individual is a member, and no corporation of which such individual  
21 is an officer or director, and no controlling person of the registrant  
22 or licensee shall be entitled to obtain any registration or license  
23 under the provisions of this chapter for a period of one year after such  
24 revocation, or, if such revocation be judicially reviewed, for one year  
25 after the final determination thereof affirming the action of the super-  
26 intendent in revoking such license.

27 (2) If any such registration or license held by a firm, association or  
28 corporation be revoked, no member of such firm or association and no  
29 officer or director of such corporation or any controlling person of the  
30 registrant or licensee shall be entitled to obtain any registration or  
31 license, or to be named as a sub-licensee in any such license, under  
32 this chapter for the same period of time, unless the superintendent  
33 determines, after notice and hearing, that such member, officer or  
34 director was not personally at fault in the matter on account of which  
35 such registration or license was revoked.

36 (f) If any registered or licensed pharmacy benefit manager or any  
37 person aggrieved shall file with the superintendent a verified complaint  
38 setting forth facts tending to show sufficient ground for the revocation  
39 or suspension of any pharmacy benefit manager's registration or license,  
40 then the superintendent shall, after notice and a hearing, determine  
41 whether such registration or license shall be suspended or revoked.

42 (g) The superintendent shall retain the authority to enforce the  
43 provisions of and impose any penalty or remedy authorized by this chap-  
44 ter against any person or entity who is under investigation for or  
45 charged with a violation of this chapter, even if the person's or enti-  
46 ty's registration or license has been surrendered, or has expired or has  
47 lapsed by operation of law.

48 (h) A registrant or licensee subject to this article shall report to  
49 the superintendent any administrative action taken against the regis-  
50 trant or licensee in another jurisdiction or by another governmental

4 § 2908. Penalties for violations. (a) The superintendent, in lieu of  
5 revoking or suspending the registration or license of a registrant or  
6 licensee in accordance with the provisions of this article, may in any  
7 one proceeding by order, require the registrant or licensee to pay to  
8 the people of this state a penalty in a sum not exceeding the greater  
9 of: (1) one thousand dollars for each offense, not exceeding twenty-five  
10 hundred dollars in the aggregate for all offenses; or (2) the aggregate  
11 gross receipts attributable to all offenses.

12 (b) Upon the failure of such a registrant or licensee to pay the  
13 penalty ordered pursuant to subsection (a) of this section within twenty  
14 days after the mailing of the order, postage prepaid, registered, and  
15 addressed to the last known place of business of the licensee, unless  
16 the order is stayed by an order of a court of competent jurisdiction,  
17 the superintendent may revoke the registration or license of the regis-  
18 trant or licensee or may suspend the same for such period as the super-  
19 intendent determines.

20 § 2909. Stay or suspension of superintendent's determination. The  
21 commencement of a proceeding under article seventy-eight of the civil  
22 practice law and rules, to review the action of the superintendent in  
23 suspending or revoking or refusing to renew any certificate under this  
24 article, shall stay such action of the superintendent for a period of  
25 thirty days. Such stay shall not be extended for a longer period unless  
26 the court shall determine, after a preliminary hearing of which the  
27 superintendent is notified forty-eight hours in advance, that a stay of  
28 the superintendent's action, pending the final determination or further  
29 order of the court, will not unduly injure the interests of the people  
30 of the state.

31 § 2910. Revoked registrations. (a)(1) No person, firm, association,  
32 corporation or other entity subject to the provisions of this article  
33 whose registration or license under this article has been revoked, or  
34 whose registration or license to engage in the business of pharmacy  
35 benefit management in any capacity has been revoked by any other state  
36 or territory of the United States, shall become employed or appointed by  
37 a pharmacy benefit manager as an officer, director, manager, controlling  
38 person or for other services, without the prior written approval of the  
39 superintendent, unless such services are for maintenance or are clerical  
40 or ministerial in nature.

41 (2) No person, firm, association, corporation or other entity subject  
42 to the provisions of this article shall knowingly employ or appoint any  
43 person or entity whose registration or license issued under this article  
44 has been revoked, or whose registration or license to engage in the  
45 business of pharmacy benefit management in any capacity has been revoked  
46 by any other state or territory of the United States, as an officer,  
47 director, manager, controlling person or for other services, without the  
48 prior written approval of the superintendent, unless such services are  
49 for maintenance or are clerical or ministerial in nature.

50 (3) No corporation or partnership subject to the provisions of this  
51 article shall knowingly permit any person whose registration or license  
52 issued under this article has been revoked, or whose registration or  
53 license to engage in the business of pharmacy benefit management in any  
54 capacity has been revoked by any other state, or territory of the United  
55 States, to be a shareholder or have an interest in such corporation or  
56 partnership, nor shall any such person become a shareholder or partner

1 in such corporation or partnership, without the prior written approval  
2 of the superintendent.

3 (b) The superintendent may approve the employment, appointment or  
4 participation of any such person whose registration or license has been  
5 revoked:

6 (1) if the superintendent determines that the duties and responsibil-  
7 ities of such person are subject to appropriate supervision and that  
8 such duties and responsibilities will not have an adverse effect upon  
9 the public, other registrants or licensees, or the registrant or licen-  
10 see proposing employment or appointment of such person; or

11 (2) if such person has filed an application for reregistration or  
12 relicensing pursuant to this article and the application for reregistra-  
13 tion or relicensing has not been approved or denied within one hundred  
14 twenty days following the filing thereof, unless the superintendent  
15 determines within the said time that employment or appointment of such  
16 person by a registrant or licensee in the conduct of a pharmacy benefit  
17 management business would not be in the public interest.

18 (c) The provisions of this section shall not apply to the ownership of  
19 shares of any corporation registered or licensed pursuant to this arti-  
20 cle if the shares of such corporation are publicly held and traded in  
21 the over-the-counter market or upon any national or regional securities  
22 exchange.

23 § 2911. Change of address. A registrant or licensee under this arti-  
24 cle shall inform the superintendent by a means acceptable to the super-  
25 intendent of a change of address within thirty days of the change.

26 § 2912. Assessment. Pharmacy benefit managers that file a registra-  
27 tion with the department or are licensed by the department shall be  
28 assessed by the superintendent for the operating expenses of the depart-  
29 ment that are solely attributable to regulating such pharmacy benefit  
30 managers in such proportions as the superintendent shall deem just and  
31 reasonable.

32 § 2913. Applicability of other laws. Nothing in this article shall be  
33 construed to exempt a pharmacy benefit manager from complying with the  
34 provisions of articles twenty-one and forty-nine of this chapter and  
35 article forty-nine of the public health law or any other provision of  
36 this chapter or the financial services law.

17 2825-e to read as follows:

18 § 2825-e. Health care facility transformation program: statewide II.  
19 1. A statewide health care facility transformation program is hereby  
20 established under the joint administration of the commissioner and the  
21 president of the dormitory authority of the state of New York for the  
22 purpose of strengthening and protecting continued access to health care  
23 services in communities. The program shall provide funding in support of  
24 capital projects, debt retirement, working capital or other non-capital  
25 projects that facilitate health care transformation activities includ-  
26 ing, but not limited to, merger, consolidation, acquisition or other  
27 activities intended to create financially sustainable systems of care or  
28 preserve or expand essential health care services. Grants shall not be  
29 available to support general operating expenses. The issuance of any  
30 bonds or notes hereunder shall be subject to section sixteen hundred  
31 eighty-r of the public authorities law and the approval of the director  
32 of the division of the budget, and any projects funded through the issu-  
33 ance of bonds or notes hereunder shall be approved by the New York state

38 budget, and subject to section sixteen hundred eighty-r of the public  
39 authorities law, for the purposes of awarding, distributing, and admin-  
40 istering the funds made available pursuant to this section. Such funds  
41 may be distributed by the commissioner for capital grants to general  
42 hospitals, residential health care facilities, diagnostic and treatment

20 home care or residential health care services in a community.

21 4. Notwithstanding subdivision two of this section or any inconsistent  
22 provision of law to the contrary, and upon approval of the director of  
23 the budget, the commissioner may award all or a portion of the funds  
24 made available pursuant to this section for unfunded project applica-  
25 tions submitted in response to the request for applications number  
26 1607010255 issued by the department on July twentieth, two thousand

28 article, provided however that the provisions of subdivision three of  
29 this section shall apply. The commissioner shall notify the chair of the  
30 senate finance committee and the chair of the assembly ways and means

32 this subdivision.

33 5. In determining awards for eligible applicants under this section,  
34 the commissioner shall consider criteria including, but not limited to:

35 (a) The extent to which the proposed project will contribute to the  
36 integration of health care services or the long term sustainability of  
37 the applicant or preservation of essential health services in the commu-

54 (i) The extent to which the proposed project addresses potential risk  
55 to patient safety and welfare.

1 6. Disbursement of awards made pursuant to this section shall be  
2 conditioned on the awardee achieving certain process and performance  
3 metrics and milestones as determined in the sole discretion of the  
4 commissioner. Such metrics and milestones shall be structured to ensure  
5 that the goals of the project are achieved, and such metrics and mile-  
6 stones shall be included in grant disbursement agreements or other  
7 contractual documents as required by the commissioner.

17 system changes;

18 (l) evaluating where changes in statute, regulation and policy can  
19 support timely and effective emergency medical services and pre-hospital  
20 care throughout the state; and

21 (m) notwithstanding any other provision of law, where permanent chang-  
22 es in statute or regulation may not yet be appropriate, authorizing the  
23 commissioner, the commissioner of mental health, and the commissioner of  
24 the office of alcoholism and substance abuse services to implement time-  
25 limited demonstration programs to test and evaluate new and innovative  
26 procedures and processes for organizing, financing and delivering health  
27 care services that are not permissible under current statute or regu-  
28 lation, provided that no such demonstration program shall be implemented  
29 without prior public notice and a thirty day period of comment.

30 6. At the direction of the health care regulation modernization team,  
31 the executive director shall notify stakeholders of the purposes of the  
32 health care regulation modernization team, the opportunities for stake-  
33 holder participation and the means and schedule for such participation.  
34 Meetings with stakeholders shall be held in various regions of the

47 § 2. This act shall take effect immediately and shall be deemed to  
48 have been in full force and effect on and after April 1, 2017.

49 PART M

50 Section 1. This act shall be known and may be cited as the "Emerging  
51 Contaminant Monitoring Act."

52 § 2. The public health law is amended by adding a new section 1112 to  
53 read as follows:

1 § 1112. Emerging contaminant monitoring. 1. Industry and modern tech-  
2 nology have created thousands of new chemicals that would not otherwise  
3 exist in nature. Although some of these chemicals have proven benefits,  
4 the effect of many such chemicals on human health is unknown or not  
5 fully understood. Furthermore, with the advance of science and technolo-  
6 gy, public health scientists and experts are able to identify naturally  
7 occurring contaminants that pose previously unknown hazards to human  
8 health. Where these chemicals or contaminants, collectively referred to  
9 as "emerging contaminants," enter drinking water supplies, they can  
10 present unknown but potentially serious risks to public health. New  
11 Yorkers served by public water supplies have the right to know when  
12 potentially hazardous substances contaminate their drinking water and  
13 the department must be equipped to monitor and protect the public from  
14 these emerging contaminants.

15 2. a. "Emerging contaminants" shall mean any physical, chemical,  
16 microbiological or radiological substance listed as an emerging contam-  
17 inant pursuant to subdivision three of this section.

18 b. "Notification level" means the concentration level of an emerging  
19 contaminant in drinking water that the commissioner has determined,  
20 based on available scientific information, warrants public notification  
21 pursuant to this section.

22 c. "Covered public water system" shall mean a community or nontran-  
23 sient noncommunity water system, as defined in the state sanitary code.

24 3. The commissioner shall promulgate regulations that list substances  
25 identified as emerging contaminants that meet the following criteria:

26 a. are not subject to any other substance-specific drinking water  
27 regulation of the department that establishes a maximum contaminant  
28 level or other threshold concentration;

29 b. are known or anticipated to occur in public water systems; and

30 c. because of their quantity, concentration, or physical, chemical or  
31 infectious characteristics, may cause physical injury or illness, or  
32 otherwise pose a potential hazard to human health when present in drink-  
33 ing water.

34 4. Every covered public water system shall test drinking water for the  
35 presence of emerging contaminants in the state and unregulated contami-  
36 nents monitored under the federal Safe Drinking Water Act as amended  
37 from time to time, at least once every three years as determined by the  
38 department.

39 5. Every test conducted in accordance with this section shall be  
40 conducted by a laboratory certified by the department pursuant to  
41 section five hundred two of this chapter. Laboratories shall submit such  
42 results to the department electronically in the manner prescribed pursu-  
43 ant to section five hundred two of this chapter.

44 6. The commissioner may promulgate regulations establishing notifica-  
45 tion levels for any emerging contaminant listed pursuant to subdivision  
46 three of this section.

47 7. The commissioner may, by declaration, add any physical, chemical,  
48 microbiological or radiological substance to the list of emerging  
49 contaminants established pursuant to subdivision three of this section,  
50 or establish a notification level for such substance, if the commission-  
51 er determines that such substance poses or has the potential to pose a  
52 hazard to human health when present in drinking water, provided that the  
53 commissioner must promulgate regulations adding the new emerging contam-  
54 inant or establishing such notification level within one year of such  
55 declaration.

1 8. Whenever a covered public water system determines or is advised by  
2 the state that one or more emerging contaminants is present in drinking  
3 water at concentrations above a notification level established pursuant  
4 to this section:

5 a. the covered public water system shall notify the state and all  
6 owners of real property served by the covered public water system in a  
7 time and manner to be prescribed by the department; and

8 b. the commissioner may require that the covered public water system  
9 take such actions as may be appropriate to reduce exposure to emerging  
10 contaminants.

11 9. Any owner of real property, including any owner's agent, to whom a  
12 covered public water system has provided notification of the exceedance  
13 of a notification level established pursuant to subdivision six of this  
14 section, shall take all reasonable and necessary steps to provide, with-  
15 in ten days, any tenants with copies of the notification provided by the  
16 covered public water system.

17 10. The commissioner may promulgate regulations pursuant to which the  
18 department may provide financial assistance for compliance with the  
19 testing requirements of this section, to any covered public water system  
20 upon a showing that the costs associated with testing drinking water in  
21 compliance with this section would impose an unreasonable financial  
22 hardship.

23 § 3. Section 502 of the public health law is amended by adding a new  
24 subdivision 10 to read as follows:

25 10. The department may require an environmental laboratory to report  
26 laboratory test results to the department, or to any full-time city,  
27 county or part-county health department in an electronic manner  
28 prescribed by the department.

29 § 4. This act shall take effect immediately.

30 PART N

31 Section 1. This act shall be known and may be cited as the "residen-  
32 tial well testing act".

33 § 2. The public health law is amended by adding a new section 1111 to  
34 read as follows:

35 § 1111. Testing of individual onsite water supply systems. 1. a. The  
36 commissioner shall promulgate regulations establishing standards for the  
37 testing of new or existing individual onsite water supply systems for  
38 characteristics and contaminants, including listing the characteristics  
39 and contaminants that each individual onsite water supply shall be test-  
40 ed for. Such regulations may require additional testing, limit testing  
41 or exclude from testing a characteristic or contaminant on a county,  
42 regional or local basis if the commissioner determines that such charac-  
43 teristic or contaminant is significant or not significant in that area.

44 b. The commissioner may, by declaration, add any characteristic or  
45 contaminant to the list promulgated pursuant to paragraph a of this  
46 subdivision, provided that the commissioner shall promulgate regulations  
47 adding such characteristic or contaminant within one year of such decla-  
48 ration.

49 2. a. Any real estate purchase contract for the sale of residential  
50 real property, as defined in section four hundred sixty-one of the real  
51 property law, which is served by an individual onsite water supply  
52 system, shall include a provision requiring, prior to and as a condition  
53 of sale, the testing of such individual onsite water supply system in a  
54 manner that meets or exceeds the standards prescribed pursuant to this

1 section. This section shall not apply to public water systems, as  
2 defined in regulations promulgated by the department.

3 b. Within one year after the effective date of this section, and at  
4 least once every five years thereafter, the lessor of any residential  
5 real property which is served by an individual onsite water supply  
6 system shall test such water supply in accordance with this section for  
7 at least the characteristics and contaminants required pursuant to this  
8 section. Within thirty days after the receipt of validated test  
9 results, the lessor shall provide a written copy thereof to each current  
10 tenant of a rental unit on the property. The lessor shall also provide a  
11 written copy of the most recent validated test results to a prospective  
12 tenant prior to the signing of the lease or other agreement for the  
13 rental of a residential unit on the property or to any former tenant  
14 upon request. The department or the department's designee shall have the  
15 authority to request and receive such test results from the lessor.

16 3. Every test conducted in accordance with this section shall be  
17 conducted by a laboratory certified by the department pursuant to  
18 section five hundred two of this chapter. Any test results provided by  
19 the laboratory, pursuant to this section, shall include the maximum  
20 contaminant levels or other established values, if any, prescribed by  
21 the department for each characteristic or contaminant tested. Laborato-  
22 ries shall submit such results to the department electronically in the  
23 manner prescribed pursuant to section five hundred two of this chapter.

24 4. The commissioner may promulgate regulations pursuant to which the  
25 department may provide financial assistance to owners of residential  
26 property served by an individual onsite water supply system, upon a  
27 showing that the costs associated with testing drinking water in compli-  
28 ance with this section would impose an unreasonable financial hardship.

29 5. Nothing contained in this section shall prohibit or limit the test-  
30 ing of individual onsite water supply systems pursuant to any other  
31 statutory or regulatory authority.

32 § 3. Section 502 of the public health law is amended by adding a new  
33 subdivision 10 to read as follows:

34 10. The department may require an environmental laboratory to report  
35 laboratory test results to the department, or to any full-time city,  
36 county or part-county health department in an electronic manner  
37 prescribed by the department.

38 § 4. The real property law is amended by adding a new section 468 to  
39 read as follows:

40 § 468. Individual onsite water supply testing requirements. 1. Every  
41 real estate purchase contract for the sale of residential real property,  
42 which is served by an individual onsite water supply system, shall  
43 include a provision requiring as a condition of sale, the testing of  
44 such water supply for at least the standards prescribed pursuant to  
45 section eleven hundred eleven of the public health law. This section  
46 shall not apply to property that is served by a public water system, as  
47 defined in regulations promulgated by the commissioner.

48 2. Closing of title on the sale of such real property shall not occur  
49 unless both the buyer and the seller have received and reviewed a copy  
50 of the water test results. At closing, the buyer and seller both shall  
51 certify in writing that they have received and reviewed the water test  
52 results.

53 3. The requirements of this section may not be waived.

54 § 5. Subdivision 3 of section 15-1525 of the environmental conserva-  
55 tion law, as amended by section 2 of part F of chapter 59 of the laws of  
56 2006, is amended to read as follows:

1 3. The certificate of registration shall require that, before the  
2 commencement of drilling of any well or wells, the water well driller  
3 shall file a preliminary notice with the department; it shall also  
4 provide that upon the completion of the drilling of any water well or  
5 water wells, a completion report be filed with the department, giving  
6 the log of the well, the size and depth thereof, the capacity of the  
7 pump or pumps attached or to be attached thereto, the laboratory results  
8 of the water sample tested in accordance with section eleven hundred  
9 eleven of the public health law, and such other information pertaining  
10 to the withdrawal of water and operation of such water well or water  
11 wells as the department by its rules and regulations may require. The  
12 water well driller shall provide a copy of such completion report to the  
13 water well owner and the department of health and department of environ-  
14 mental conservation. The number of the certificate of registration must  
15 be displayed on the well drilling machinery of the registrant. The  
16 certificate of registration shall also contain a notice to the certif-  
17 icate holder that the business activities authorized by such certificate  
18 are subject to the provisions of article thirty-six-A of the general  
19 business law. The fee for such certificate of registration shall be ten  
20 dollars annually. The commissioner shall promulgate a water well  
21 completion report form which shall be utilized by all water well drill-  
22 ers in satisfying the requirements of this section and any other  
23 provision of state or local law which requires the submission of a water  
24 well completion report or water well log.

25 § 6. This act shall take effect on the one hundred eightieth day after  
26 it shall have become a law; provided, however, that effective immediate-  
27 ly, the commissioner of health and commissioner of environmental conser-  
28 vation shall be authorized to promulgate any and all rules and regu-  
29 lations necessary to implement the provisions of this act on its  
30 effective date.

31 PART O

32 Section 1. Subdivision 9 of section 730.10 of the criminal procedure  
33 law, as added by section 1 of part Q of chapter 56 of the laws of 2012,  
34 is amended to read as follows:

35 9. "Appropriate institution" means: (a) a hospital operated by the  
36 office of mental health or a developmental center operated by the office  
37 for people with developmental disabilities; [or] (b) a hospital licensed  
38 by the department of health which operates a psychiatric unit licensed  
39 by the office of mental health, as determined by the commissioner  
40 provided, however, that any such hospital that is not operated by the  
41 state shall qualify as an "appropriate institution" only pursuant to the  
42 terms of an agreement between the commissioner and the hospital; or (c)  
43 a mental health unit operating within a correctional facility or local  
44 correctional facility; provided however, that any such mental health  
45 unit operating within a local correctional facility shall qualify as an  
46 "appropriate institution" only pursuant to the terms of an agreement  
47 between the commissioner of mental health, director of community  
48 services and the sheriff for the respective locality, and any such  
49 mental health unit operating within a correctional facility shall quali-  
50 fy as an "appropriate institution" only pursuant to the terms of an  
51 agreement between the commissioner of mental health and the commissioner  
52 of the department of corrections and community supervision. Nothing in  
53 this article shall be construed as requiring a hospital, correctional  
54 facility or local correctional facility to consent to providing care and

1 treatment to an incapacitated person at such hospital, correctional  
2 facility or local correctional facility. In a city with a population of  
3 more than one million, any such unit shall be limited to twenty-five  
4 beds. The commissioner of mental health shall promulgate regulations for  
5 demonstration programs to implement restoration to competency within a  
6 correctional facility or local correctional facility. Subject to annual  
7 appropriation, the commissioner of mental health may, at the commission-  
8 er's discretion, make funds available for state aid grants to any county  
9 that develops and operates a mental health unit within a local correc-  
10 tional facility pursuant to this section. Nothing in this article shall  
11 be construed as requiring a hospital, correctional facility or local  
12 correctional facility to consent to providing care and treatment to an  
13 incapacitated person at such hospital, correctional facility or local  
14 correctional facility.

15 § 2. This act shall take effect immediately and shall be deemed to  
16 have been in full force and effect on and after April 1, 2017; provided,  
17 however, that this act shall expire and be deemed repealed March 31,  
18 2022.

## PART P

20 Section 1. Section 48-a of part A of chapter 56 of the laws of 2013  
21 amending chapter 59 of the laws of 2011 amending the public health law  
22 and other laws relating to general hospital reimbursement for annual  
23 rates relating to the cap on local Medicaid expenditures, as amended by  
24 section 29 part B of chapter 59 of the laws of 2016, is amended to read  
25 as follows:

26 § 48-a. 1. Notwithstanding any contrary provision of law, the commis-  
27 sioners of the office of alcoholism and substance abuse services and the  
28 office of mental health are authorized, subject to the approval of the  
29 director of the budget, to transfer to the commissioner of health state  
30 funds to be utilized as the state share for the purpose of increasing  
31 payments under the medicaid program to managed care organizations  
32 licensed under article 44 of the public health law or under article 43  
33 of the insurance law. Such managed care organizations shall utilize such  
34 funds for the purpose of reimbursing providers licensed pursuant to  
35 article 28 of the public health law or article 31 or 32 of the mental  
36 hygiene law for ambulatory behavioral health services, as determined by  
37 the commissioner of health, in consultation with the commissioner of  
38 alcoholism and substance abuse services and the commissioner of the  
39 office of mental health, provided to medicaid [eligible] enrolled outpa-  
40 tients and for all other behavioral health services except inpatient  
41 included in New York state's Medicaid redesign waiver approved by the  
42 centers for medicare and Medicaid services (CMS). Such reimbursement  
43 shall be in the form of fees for such services which are equivalent to  
44 the payments established for such services under the ambulatory patient  
45 group (APG) rate-setting methodology as utilized by the department of  
46 health, the office of alcoholism and substance abuse services, or the  
47 office of mental health for rate-setting purposes or any such other fees  
48 pursuant to the Medicaid state plan or otherwise approved by CMS in the  
49 Medicaid redesign waiver; provided, however, that the increase to such  
50 fees that shall result from the provisions of this section shall not, in  
51 the aggregate and as determined by the commissioner of health, in  
52 consultation with the commissioner of alcoholism and substance abuse  
53 services and the commissioner of the office of mental health, be greater  
54 than the increased funds made available pursuant to this section. The

1 increase of such ambulatory behavioral health fees to providers avail-  
2 able under this section shall be for all rate periods on and after the  
3 effective date of section [1] 29 of part [C] B of chapter [57] 59 of the  
4 laws of [2015] 2016 through March 31, [2018] 2020 for patients in the  
5 city of New York, for all rate periods on and after the effective date  
6 of section [1] 29 of part [C] B of chapter [57] 59 of the laws of [2015]  
7 2016 through [June 30, 2018] March 31, 2020 for patients outside the  
8 city of New York, and for all rate periods on and after the effective  
9 date of such chapter through [June 30, 2018] March 31, 2020 for all  
10 services provided to persons under the age of twenty-one; provided,  
11 however, [eligible providers may work with managed care plans to achieve  
12 quality and efficiency objectives and engage in shared savings] the  
13 commissioner of health, in consultation with the commissioner of alco-  
14 holism and substance abuse services and the commissioner of mental  
15 health, may require, as a condition of approval of such ambulatory  
16 behavioral health fees, that aggregate managed care expenditures to  
17 eligible providers meet the following value based payment metrics for  
18 the following periods: (i) for the period from April 1, 2017 through  
19 March 31, 2018, at least ten percent of such managed care expenditures  
20 are paid through level one value based payment arrangements, as such  
21 level is defined in the department of health's value based payment road-  
22 map (ii) for the period April 1, 2018 through March 31, 2019, at least  
23 fifty percent of such managed care expenditures are paid through level  
24 one value based payment arrangements and fifteen percent are paid  
25 through level two value based payment arrangements, as such levels are  
26 defined in the department of health's value based payment roadmap and  
27 (iii) for the period April 1, 2019 through March 31, 2020, at least  
28 eighty percent of such managed care expenditures are paid through level  
29 one value based payment arrangements and thirty-five percent are paid  
30 through level two value based payment arrangements, as such levels are  
31 defined in the department of health's value based payment roadmap. The  
32 commissioner of health may, in consultation with the commissioner of  
33 alcoholism and substance abuse services and the commissioner of the  
34 office of mental health, waive such conditions if a sufficient number of  
35 providers, as determined by the commissioner, suffer a financial hard-  
36 ship as a consequence of such value based payment arrangements, or if he  
37 or she shall determine that such value based payment arrangements  
38 significantly threaten individuals' access to ambulatory behavioral  
39 health services. Such waiver may be applied on a provider specific or  
40 industry wide basis. Nothing in this section shall prohibit managed  
41 care organizations and providers from negotiating different rates and  
42 methods of payment during such periods described above, subject to the  
43 approval of the department of health. The department of health shall  
44 consult with the office of alcoholism and substance abuse services and  
45 the office of mental health in determining whether such alternative  
46 rates shall be approved. The commissioner of health may, in consultation  
47 with the commissioner of alcoholism and substance abuse services and the  
48 commissioner of the office of mental health, promulgate regulations,  
49 including emergency regulations promulgated prior to October 1, 2015 to  
50 establish rates for ambulatory behavioral health services, as are neces-  
51 sary to implement the provisions of this section. Rates promulgated  
52 under this section shall be included in the report required under  
53 section 45-c of part A of this chapter.

54 2. Notwithstanding any contrary provision of law, the fees paid by  
55 managed care organizations licensed under article 44 of the public  
56 health law or under article 43 of the insurance law, to providers

1 licensed pursuant to article 28 of the public health law or article 31  
2 or 32 of the mental hygiene law, for ambulatory behavioral health  
3 services provided to patients enrolled in the child health insurance  
4 program pursuant to title one-A of article 25 of the public health law,  
5 shall be in the form of fees for such services which are equivalent to  
6 the payments established for such services under the ambulatory patient  
7 group (APG) rate-setting methodology or any such other fees established  
8 pursuant to the Medicaid state plan. The commissioner of health shall  
9 consult with the commissioner of alcoholism and substance abuse services  
10 and the commissioner of the office of mental health in determining such  
11 services and establishing such fees. Such ambulatory behavioral health  
12 fees to providers available under this section shall be for all rate  
13 periods on and after the effective date of this chapter through [June  
14 30, 2018] March 31, 2020, provided, however, that managed care organiza-  
15 tions and providers may negotiate different rates and methods of payment  
16 during such periods described above, subject to the approval of the  
17 department of health. The department of health shall consult with the  
18 office of alcoholism and substance abuse services and the office of  
19 mental health in determining whether such alternative rates shall be  
20 approved. The report required under section 16-a of part C of chapter  
21 60 of the laws of 2014 shall also include the population of patients  
22 enrolled in the child health insurance program pursuant to title one-A  
23 of article 25 of the public health law in its examination on the transi-  
24 tion of behavioral health services into managed care.

25 § 2. Section 1 of part H of chapter 111 of the laws of 2010 relating  
26 to increasing Medicaid payments to providers through managed care organ-  
27 izations and providing equivalent fees through an ambulatory patient  
28 group methodology, as amended by section 30 of part B of chapter 59 of  
29 the laws of 2016, is amended to read as follows:

30 Section 1. a. Notwithstanding any contrary provision of law, the  
31 commissioners of mental health and alcoholism and substance abuse  
32 services are authorized, subject to the approval of the director of the  
33 budget, to transfer to the commissioner of health state funds to be  
34 utilized as the state share for the purpose of increasing payments under  
35 the medicaid program to managed care organizations licensed under arti-  
36 cle 44 of the public health law or under article 43 of the insurance  
37 law. Such managed care organizations shall utilize such funds for the  
38 purpose of reimbursing providers licensed pursuant to article 28 of the  
39 public health law, or pursuant to article 31 or article 32 of the mental  
40 hygiene law for ambulatory behavioral health services, as determined by  
41 the commissioner of health in consultation with the commissioner of  
42 mental health and commissioner of alcoholism and substance abuse  
43 services, provided to medicaid [eligible] enrolled outpatients and for  
44 all other behavioral health services except inpatient included in New  
45 York state's Medicaid redesign waiver approved by the centers for medi-  
46 care and Medicaid services (CMS). Such reimbursement shall be in the  
47 form of fees for such services which are equivalent to the payments  
48 established for such services under the ambulatory patient group (APG)  
49 rate-setting methodology as utilized by the department of health or by  
50 the office of mental health or office of alcoholism and substance abuse  
51 services for rate-setting purposes or any such other fees pursuant to  
52 the Medicaid state plan or otherwise approved by CMS in the Medicaid  
53 redesign waiver; provided, however, that the increase to such fees that  
54 shall result from the provisions of this section shall not, in the  
55 aggregate and as determined by the commissioner of health in consulta-  
56 tion with the commissioners of mental health and alcoholism and

1 substance abuse services, be greater than the increased funds made  
2 available pursuant to this section. The increase of such behavioral  
3 health fees to providers available under this section shall be for all  
4 rate periods on and after the effective date of section [2] 30 of part
