STATE ASSEMBLY

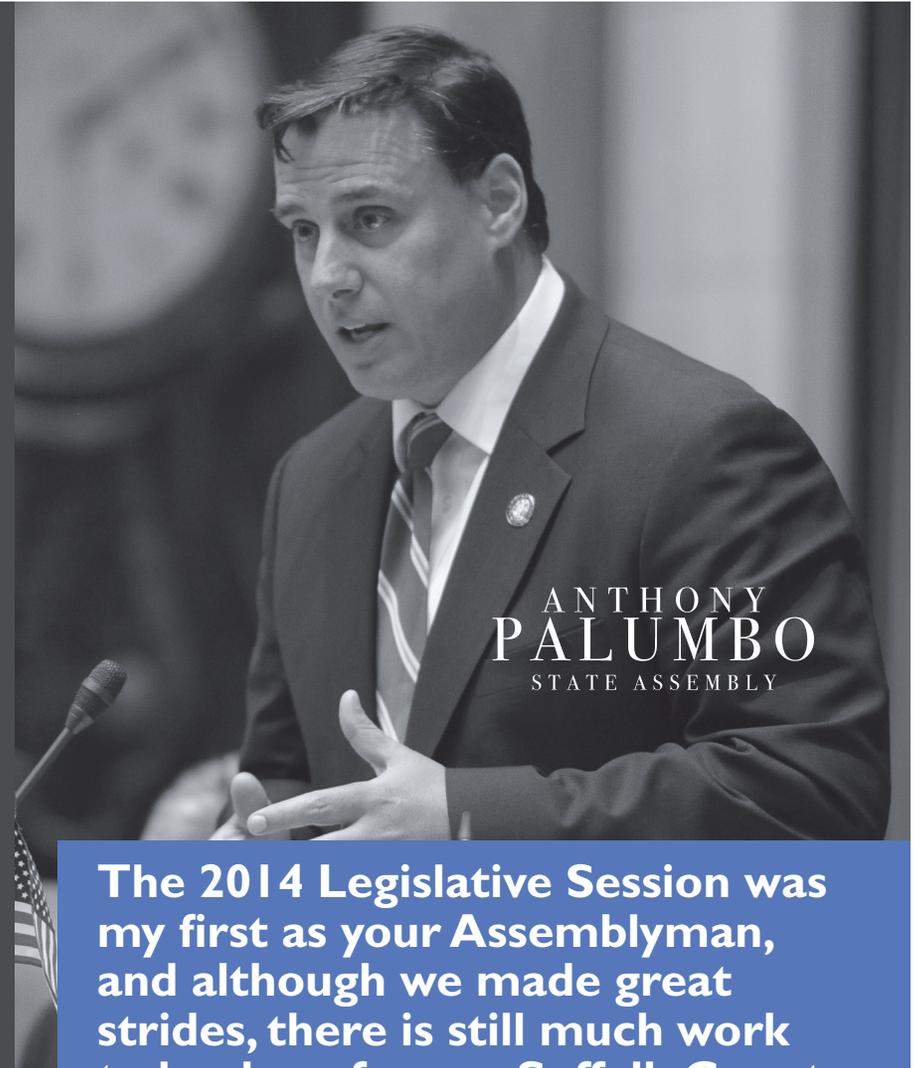

Delivering  
As Promised

## I DELIVERED:

- ✓ A 7.79% increase in School Aid for our local schools
- ✓ Tax Exemption Legislation for first-time homebuyers to help moderate and low income residents achieve the dream of homeownership
- ✓ A \$5 million grant to improve the water quality in the Peconic Bay Region
- ✓ \$438.1 million to improve our state's aging roads and bridges
- ✓ An end to Common Core test results counting against teachers and students
- ✓ Expanded Elderly Pharmaceutical Insurance Coverage (EPIC) eligibility to individuals and married couples
- ✓ An 11-bill package to combat the growing heroin epidemic in our state
- ✓ Fewer restrictions on wineries and brewers
- ✓ An additional \$602.1 million for our schools by funding the GEA

## I SUPPORTED:

- Making Long Island more affordable by proposing the Affordable NY Tax-Relief Act, which would save Suffolk County residents an average of \$2,400 a year
- A comprehensive moratorium on Common Core, including an education reform package called The APPLE Plan (Achieving Pupil Preparedness and Launching Excellence) that helps our teachers get back to doing what they do best — teaching
- Effective mandate relief for our local municipalities to reduce the crippling property tax burden on Long Island
- Tough anti-corruption reforms for public officials who betray the trust of the public they serve
- Tougher penalties for hit & run drivers who evade justice by fleeing the scene of an accident
