

Give the gift of life. **Become an organ donor.**

More than 10,000
New Yorkers are waiting
for an organ transplant

ANTHONY
PALUMBO
STATE ASSEMBLY

Only 23 percent...

of all eligible New Yorkers are registered as organ donors. This puts New York State second to last in organ donation registries in our country.

We must do better.

We don't want to think about the sudden and unexpected loss of life. But, if it happens, one organ donor can save up to eight lives.

“Join me and become a registered donor in New York State.”

Please visit the New York State Department of Health website at: www.health.ny.gov/professionals/patients/donation/organ/ to register and learn more about organ donations.

You can also register at your local Department of Motor Vehicles and Board of Elections.

For additional information, call **1-866-NYDONOR.**
