ASSEMBLY

Dean Murray is fighting to take control of our education system *away from* Albany bureaucrats and give it *back to our parents and communities.*

Here's what he's doing, and here's how you can help:

LEARN

There's a better solution for our education system. Dean Murray proudly co-sponsors the **APPLE Plan**, which stops Common Core, reasserts local control of our schools, and lets our educators do what they do best: provide a world-class education to our children. Read more at bit.ly/APPLEplan.

WATCH

Watch Dean Murray oppose the governor's unconscionable teacher evaluations and reform measures here: bit.ly/MurraySpeaks.

SIGN

Unhappy with the education measures passed in this year's budget and want them repealed? Go to www.childrenbeforepolitics.com/thepetition and join the cause!

ENGAGE
