There's a lot going on, both here on Long Island and up in Albany, and I want to keep you informed about what I'm doing for the 3rd Assembly District.

Go to my Facebook page www.facebook.com/AD3DeanMurray to watch video updates, read about my current actions on behalf of our community, and join the dialogue about what we can do to make our economy stronger, communities more affordable, and schools better than ever.

You can also keep informed by signing up for my email news updates. Just email:
