

**A NEW DAY  
ON LONG ISLAND**

**algraf**  
assembly

**Over the past two years, Assemblyman Al Graf has helped end government dysfunction and continues fighting to make Long Island a more affordable place to work, live and raise a family by:**

- Capping property taxes
- Reducing middle-class tax rates to their lowest point in 58 years
- Increasing education aid and TAP funding to make college tuition more affordable

**In 2013, let's shine the light on:**

- Creating jobs by connecting Long Island to cheaper hydropower found Upstate that will lower costs for business owners, school districts and families
- Reinstating a general diploma and career-based education track for high school students
- Driving down local taxes by providing mandate relief for schools and local governments

***Common-sense solutions  
for Long Island!***
