

An aerial photograph of Long Island, New York, showing the coastline and surrounding waters. The image is overlaid with a semi-transparent green filter.

A Budget that Benefits Long Island

algraf
assembly

top budget priorities for long island

Education Funding and Reform

- Return \$434 million unfairly taken from our schools in 2010
- Offer a career track in addition to an education track
- Create a homegrown curriculum developed by local teachers to address our children's individual needs
- Develop tests that are both age and developmentally appropriate

Heroin Addiction Prevention and Recovery

- Fund drug prevention programs in our schools
- Redefine how we treat people suffering from addiction
- Regulate rehab facilities and sober houses
- Re-examine medical coverage by insurance companies

Safe Neighborhoods and Streets

- Create an environment where law enforcement is supported by state and local government
- Fund programs to ensure that our law enforcement agencies have the tools to protect the public while keeping officers safe
