

**Assemblyman
Phil Ramos**
fought for our
nurses

“Nurses like you are the backbone of our state’s health care system. That’s why I’m fighting to ensure you can continue providing top-notch care to patients in the safest environment.”

**— Assemblyman
Phil Ramos**

Assemblyman Phil Ramos

secured a victory for
New York nurses

♥ After years of fighting together, we've succeeded in passing the **Safe Staffing for Quality Care Act** to establish safer working conditions for nurses and improve patient care. I'll keep fighting to strengthen the nursing profession and ensure this act becomes law. *Thank you for making your voices heard and for all you do to keep our communities healthy.*

— Philip Ramos

Assemblyman Ramos met with Long Island nurses in the state Capitol to fight for better care for our friends and family.
