- Re-evaluate the school aid formula with incentives being given to higher performing schools.
- Ensure affordable education for all by establishing the Affordable College Education Scholarship Program to allow eligible resident students to earn a bachelor’s degree at a cost no greater than \$10,000.
- Hold teachers accountable by making the results of the new teacher evaluations viewable to all.
- Expand career-oriented education, allowing students to choose between a general diploma with vocational training or a Regents Diploma.
