Relief NOW**

Assemblyman Chad Lupinacci:

Working for Tax Relief and to Lower the Cost of Living

RELIEF FOR RESIDENTS

New Yorkers face one of the highest tax burdens in the nation. That's why Chad Lupinacci wants to permanently extend the Middle Class Income Tax Cut (A.4575-A) and pass the Affordable NY Act to increase STAR exemption eligibility (A.8756).

RELIEF FOR SENIORS

Many of Long Island's seniors are struggling under an ever-increasing cost of living. That's why Chad wants to expand EPIC to provide tax credits for seniors struggling with prescription drug costs (A.4246).

RELIEF FOR LOCAL GOVERNMENTS

Chad Lupinacci is sponsoring a moratorium on unfunded mandates to bring relief to our school districts and local governments and ultimately to us (A.5001). He is also advocating for local control of Medicaid services so Suffolk County can choose the plan that works for us.

For more details on these bills or any other state issue, contact Assemblyman Lupinacci's office at (631) 271-8025 or email lupinaccic@assembly.state.ny.us.
