Having an open dialogue with constituents is the best way to ensure that your needs are represented. This survey is my way of receiving critical feedback on important issues facing you and your family. I believe that Albany requires sweeping reforms, and state government must do far more to represent taxpayers and encourage businesses to thrive and create more jobs. I hope you will take the time to read over the survey and fill it out. Feel free to take this survey and send it back through the mail or save a stamp and take it on Facebook. Send me your feedback so I can best fight for you and your family.

Sincerely,
