

Dear Neighbor,

*Our children's lives are at stake.*

It is unthinkable that in communities like ours it is necessary to protect our children from heroin and prescription drug abuse. Unfortunately, this is reality.

This guide and medicine tracker is designed to be taped inside your medicine cabinet to be used as a tool to keep a close watch on your prescription medications. I have produced this guide to help you protect your loved ones. It is one of many steps I am taking, including improving the laws in Albany, to address the difficulties that parents face each and every day.

Together, we can maintain safer communities and protect our families from addiction and potentially life-threatening overdoses of these very dangerous drugs.

Sincerely,

**Heroin And Prescription Drug Abuse Can Lead To Addiction And Even Death. If You Suspect A Problem, Seek Professional Help.**
