

Assemblyman Charles D. Lavine

ensures direct-care services to New York's most vulnerable are restored

Assemblyman Charles D. Lavine made a commitment to New York's most vulnerable

Assemblyman Lavine helped restore essential funding – up to \$90 million – to non-profits that provide vital services to New York's developmentally disabled and their families (A.6692-C).

“Individuals with developmental disabilities and their families need these services – their quality of life literally depends on it. I’ll keep fighting to ensure that our most vulnerable New Yorkers always receive the quality care they deserve.”
