

This dot could save your life.

**Important Safety
Information
From Assemblyman
Dave McDonough**

Yellow Dot is a free program designed to help first responders provide life-saving medical attention during that first critical hour after a crash or other emergency. A Yellow Dot in the driver's-side rear window of your vehicle will alert first responders that vital medical information is stored in the glove compartment.

To receive your official Yellow Dot, contact the Nassau County Executive's office at 516-571-6000.
