✓ **SUPPORT A8233 (The People's Bill)**
✗ **REJECT A2551 (The bill for the rich)**

Education Tax Deduction for the People Not for the Rich

I support education for all students. I appreciate teachers, administrators, parents etc. and their contribution to education.

Therefore, I support A8233 that gives a tax deduction up to \$3,000 for every eligible student and up to \$250.00 in tax deductions for teachers who purchase books and supplies for their classrooms.

A8233 is a tax credit for the people. A2551 is for the rich and does not provide any assistance or money for the people.

***I support our students, our teachers, our taxpayers.
Say "NO" to the rich and REJECT A2551.***

“Commitment to a good education to all students is my mission.”
