FACT:

Long Island residents pay the highest taxes in New York State. Governor Cuomo's budget takes \$37 MILLION away from Long Island schools and gives it to the urban schools he has deemed "high-need."

FACT:

Due to the Governor's actions, the West Hempstead, East Rockaway and Oceanside school districts are receiving less school aid than last year. Furthermore, the Lynbrook, Malverne, Franklin Square, Rockville Centre and Baldwin school districts are not receiving the amount they deserve.

FACT:

Under Governor Cuomo's budget, Long Island schools will only receive \$66 per student in new aid, far below the statewide average of \$119 and about half of the New York City average of \$129 per student.
