Community Meeting

You're Invited...

To a
Special State Budget
Presentation

A State Budget Presentation

I am personally holding this budget presentation to discuss Governor Cuomo's proposed State Budget for 2015, the current status of budget negotiations, and how the governor's proposed budget relates to Long Island and you. Including:

- Educational aid to your school district;
- Proposed real property tax credit;
- Proposed teacher reforms;
- Proposed criminal justice changes and more.

I hope you can attend this very important budget presentation.
