October 2014

CELEBRATING NATIONAL VOTER REGISTRATION DAY

In celebration of National Voter Registration Day, I hosted a voter registration drive at Queens College, the first in a series of voter registration drives throughout my district. This effort will boost civic engagement, get new voters excited about voting, and give Queens residents a stronger voice in the electoral process.

UNVEILING NEW HOUSING IN FLUSHING

I joined Selfhelp Community Services to celebrate its grand opening of senior housing at 137-39 45th Avenue in Flushing. Residents will have access to computers, a Virtual Senior Center, green roof space, exercise equipment and health screenings at the Charles B. Wang Community Health Center next door. Thanks to Mayor Bill de Blasio for making affordable housing a priority! What a wonderful addition to our community!

MEETING WITH P.S. 46 PARENTS IN BAYSIDE

At P.S. 46's first PTA meeting, I joined Council Member Mark Weprin for an update and overview of the school year. Kudos to Principal Goldberg and the entire school community for all that they do in serving every student, every day!

WELCOMING UPK STUDENTS IN AUBURNDALE

I joined Mayor Bill de Blasio, Chancellor Carmen Fariña, and Borough President Melinda Katz to tour a local pre-K program at the Home Sweet Home Children's School in Auburndale. As a strong supporter of Universal pre-K, I am encouraged by the Administration's dedication to expanding early education for all!

ADVOCATING FOR TENANTS

I hosted a group of Flushing residents in my office to discuss forming a tenants association. By banding together, the tenants will work to improve conditions in their building and neighborhood. I am hopeful that we will create a better place to live with decent, affordable housing. If you have any housing related concerns, please feel free to contact my office.
