The 60-gallon rain barrels are easy to install and connect directly to a property owner's downspout to capture and store the stormwater that falls on the rooftop. The water collected in the rain barrel can then be used to water lawns and gardens, or for other outdoor chores.

**Rain barrels are limited—please call to register for  
your free rain barrel at  
Assemblywoman Markey's office—(718) 651-3185.**
