**is keeping
New York moving!**

→ Assemblymember Michael DenDekker knows we deserve safe, fast, reliable mass transit

The budget provides \$7.3 billion for the MTA's capital plan. This money will fund:

- More than 900 new train cars and over 1,700 buses
- A modernized fare-payment system
- Station improvements, renovations and updated signal systems

“To ensure we get to work or school safely, we need our trains, subways and buses to keep us moving. The state budget I passed helps us get there.”

– Assemblymember
**Michael
DenDekker**

The Assembly fought to ensure funding was continued for the 2nd Avenue Subway project because it will be a lifeline for our neighborhoods and help relieve congestion.
