Peter Abbate

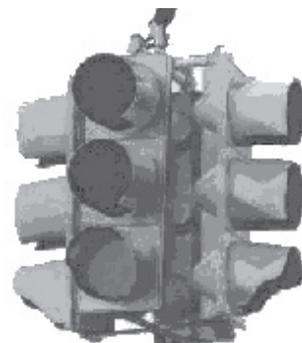

Traffic Light Approved for 13th Avenue and 67th Street

Some time ago, area residents requested that a traffic signal be put at the intersection of 13th Avenue and 67th Street because of the unsafe environment at this corner. Located nearby to the Norwegian Nursing Home and PS 176, this is a very important corner to make sure is safe for our seniors and students.

On behalf of the community and because of the dangerous conditions at this location, I contacted the Department of Transportation (DOT) and urged them to take the necessary steps for installing a traffic signal to help make this intersection safer for our community.

As a result of our efforts, the Traffic Department conducted a study and determined that a traffic signal is warranted at this location. The installation of a traffic signal at this intersection is long overdue. This signal will help the flow of traffic and make the street safer for pedestrians and automobiles. DOT believes that this light will be installed by February 28, 2014. A copy of the letter I received from DOT is on the other side of this note.

November 25, 2013

The Honorable Peter J. Abbate, Jr.
Member of Assembly, 49th District
6605 Fort Hamilton Parkway
Brooklyn, NY 11219

Dear Assembly Member Abbate:

This is in response to your May 23rd letter regarding the need for additional traffic controls at the intersection of 13th Avenue and 67th Street. Please accept my apologies for the delay.

We completed a study earlier this month and are pleased to inform you that a traffic signal has been approved at this location. Installation will be performed by contract and the work is tentatively scheduled to be completed by February 28, 2014.

Thank you for your interest in this matter.

Sincerely,

Joseph Palmieri
Borough Commissioner
