When we invest in our
children, everyone wins

Assemblyman Lentol

is helping families get started
on the path to success.

Early education. Quality child care. Both mean a solid foundation that our kids — and parents — need to be successful. Assemblyman Lentol has a plan to help Brooklyn families.

Implement Universal Pre-K. Children who participate in early education programs are more likely to succeed in school and beyond.

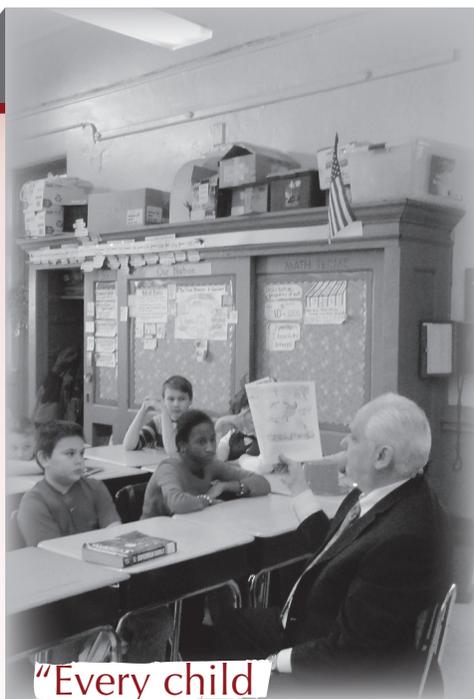

Expand before/after-school programs to provide children with extended learning time and safe supervision.

Increase access to quality, affordable child care so parents are able to work and provide for their families.
