**Reforming Common Core
and protecting taxpayers**

**Tell the Senate to pass
the Assembly's bill (A.8929)**

BEFORE APRIL 1ST TESTING BEGINS.

Our Common Core reforms put children first and protect **\$1.4 billion in annual funding.**

The Assembly's bill:

- Prohibits test scores from being the primary factor for student placement
- Eliminates unnecessary testing for grades K-2
- Delays the sharing of student data to protect privacy and gives parents the choice to opt out

“The bureaucratic rollout of Common Core has caused frustration and anxiety for our children and their parents. That is why I helped pass legislation to protect students from the effects of Common Core testing (A.8929). Educating our children is our most important responsibility.”
