Beautifying our community – Protecting our homes

Now that the city has agreed to relocate the John D'Amato Field at the end of New Dorp Lane and Cedar Grove Avenue further inland, we must use this land to both beautify our community and protect our homes from future storms. I'm joining with local elected officials to call on this space to be used for:

- + Planting vegetation;
- + Temporary berms to protect from storm-related flooding; and
- + Permanent Army Corps protective measures.

Federal Sandy Aid Funds Now Available

In order to obtain any federal grants to rebuild your home, access reimbursement for work already done, or apply for a government acquisition of your property damaged in Hurricane Sandy, you must sign up for the NYC Build it Back program by visiting www.nyc.gov/html/recovery or calling 311.

For information on any issue regarding state government, please contact Assemblywoman Nicole Malliotakis
