IS 2 co-location plan is defeated!

When the city announced its intention to co-locate a middle school within IS 2, parents and teachers made their opposition clear. By working together, we were able to defeat this plan and prevent this ill-advised move. Thank you to all who attended the hearing in October and fought successfully to preserve IS 2 as we know it!

ASSEMBLYWOMAN MALLIOTAKIS'S Sandy Photo Reclamation Project

Sandy photo reclamation project continues

Sandy was devastating on so many levels that picking up all of the pieces can seem impossible at times. With so much destruction and loss, just a small slice of home can help people heal. That's why my office has created a Facebook page with nearly 1,000 photos recovered by clean-up volunteers over the last year. Please visit [facebook.com/FindSandyPhotos](https://www.facebook.com/FindSandyPhotos) to see if a piece of your history has been recovered.

Fight for Friendship Club continues

As we continue to rebuild in the storm's wake, we are still missing a vital part of our community – the New Dorp Friendship Club. Countless local seniors have made the club their second home, forging friendships to last a lifetime and relying on the programs and services the group provides. I will continue to work with local elected officials and the inspiring, vocal seniors who have fought so hard over the last year to reopen the Friendship Club and bring our community back together.
