### Tuition-Free NY will:

**Make college more affordable for families** by providing free tuition for in-state students at SUNY and CUNY

**Give back to the community** by requiring students to perform community service

**Keep young people here and boost the economy** by requiring graduates to stay and work in the state for at least five years after college

## Tuition Free-NY aids students and state

“Tuition Free-NY would offer free tuition at New York’s public colleges for students, in exchange for volunteering during their college years and sticking around New York post-graduation.”
