

“I’m fighting for a better future for Stony Point. That starts with investing in safer roads and developing emergency plans for when extreme weather hits.”

**– Assemblyman
James Skoufis**

Assemblyman James Skoufis has a plan to ensure our communities are prepared for future storms

- ▶ **Require insurance companies to decide claims quickly, so homeowners can get the resources they need to rebuild**
- ▶ **Create a Natural Disaster Task Force to study the ways insurance companies can better serve victims of severe weather events**
- ▶ **Strengthen cooperation between government agencies, first responders, utility companies, health care providers and the public after weather emergencies**

Skoufis also helped secure over \$10 million to repair the Palisades Parkway and resurface parts of Route 6, as well as nearly \$9,000 for improvements to Tomkins Cove Public Library and \$19,000 to help restore the Pyngyp Schoolhouse.
