

When our students were pushed to the brink,

Assemblywoman
Claudia Tenney
Stood up for us

Claudia Tenney is fighting to take control of our education system *away from* Albany bureaucrats and give it *back to our parents and communities.*

Here's what she's doing, and here's how you can help:

LEARN

There's a better solution for our education system. It's time to stop the federal government from imposing its standards on parents and children. Claudia sponsors legislation to **stop Common Core** and give parents the right to refuse high-stakes testing.

SIGN

Unhappy with the education measures passed in this year's budget and want them repealed? Go to tinyurl.com/StopCommonCoreinNY and join the cause!

ENGAGE

Go to fb.com/AssemblywomanTenney and let her know how you feel about our education system and what we can do to make it stronger for our parents, children and teachers.
