

Assemblyman Frank Skartados is coming through for Beacon families

Assemblyman Frank Skartados passed a state budget that helps Beacon:

- A \$1.3 million increase in state aid to Beacon City Schools
- A 19 percent increase in CHIPs funding for road and bridge repairs in the city of Beacon
- \$6 million to assist in the redevelopment of the Beacon Correctional site and surrounding areas
- A minimum wage that will reach \$9.00 per hour by 2016
- Secured \$10,000 for the Beacon fire and police departments
- Tax credits for small businesses

“I fought hard and secured additional state funding for our schools and made sure the final budget included economic development funds to help us repurpose the Beacon Correctional site.”
