

**“As a product of the public school system, I know how important a quality education can be in shaping our kids’ future. I fought to invest more in our schools and libraries so every child has the opportunities they deserve.”**

# Assemblyman Skartados is fighting for our schools

The 2016-17 state budget includes:

**\$2.1 million more** for the Marlboro Central School District

**A full repeal of the Gap Elimination Adjustment (GEA)**, restoring **\$513,305** to Marlboro schools

**Increased library funding** to preserve access to vital learning resources

**A freeze on SUNY tuition** to help keep college affordable

Questions? Concerns? I'm here to help.
