PUTTING TAXPAYERS FIRST.

**Middle-class
Tax Relief**

ASSEMBLYMAN
STEVE McLAUGHLIN
PUTTING TAXPAYERS FIRST.

STEVE McLAUGHLIN

delivered real savings for Capital Region Families.

- ✓ Capped property taxes for middle-class families.
- ✓ Increased tuition assistance so our children can afford college education.
- ✓ Lowered state spending.

FAST FACTS

- Over the past decade, 111 bills containing unfunded mandates passed the Assembly for a projected cost to municipalities of almost \$77 billion.
- By far, New York's largest unfunded mandate on municipalities each year is their share of Medicaid spending-\$7.5 billion in the 2010-11 fiscal year alone.
- In 2012-13, New York's combined federal, state and local spending on Medicaid is projected to hit \$54 billion, making it the most expensive Medicaid program in the nation.

Now STEVE McLAUGHLIN wants to provide more relief to New York families and businesses:

- Cap local Medicaid costs this year and work to implement a full state takeover of the program over the next few years.
- Prevent tax-and-spend politicians from reaching into your pocket by capping state spending (visit bit.ly/spendcap to watch Steve in action).
- Place a moratorium on any new unfunded state mandates.

WE NEED RELIEF – NOW

"I'm fed up with unfunded mandates suffocating our schools and local governments, hurting taxpayers like you and me. Sign my petition for mandate relief! bit.ly/nomoremandates."

What are your ideas for cutting taxes? Email "MANDATE RELIEF" to mclaughlins@assembly.state.ny.us.
