

What a Difference Two Years Can Make

Since Steve McLaughlin arrived in the State Assembly, government has started working for us again. Here's how The Jobs Guy delivered for New York's families and businesses:

- ▶ Capped property taxes
- ▶ Restored over \$1 billion in education aid
- ▶ Secured more than \$62 million for local economic development
- ▶ Voted against \$2.6 billion in tax hikes
- ▶ Fought corruption and dysfunction by strengthening ethics laws

“We fought the tax-and-spend culture in government and won, but we can’t stop now. Let’s keep working together and building on our success.”

Ranked the #1 pro-jobs legislator in the state by the Business Council of New York State.
