

Are you tired of this
season of Albany's

BAD MEN

who think your tax dollars
are their expense accounts?

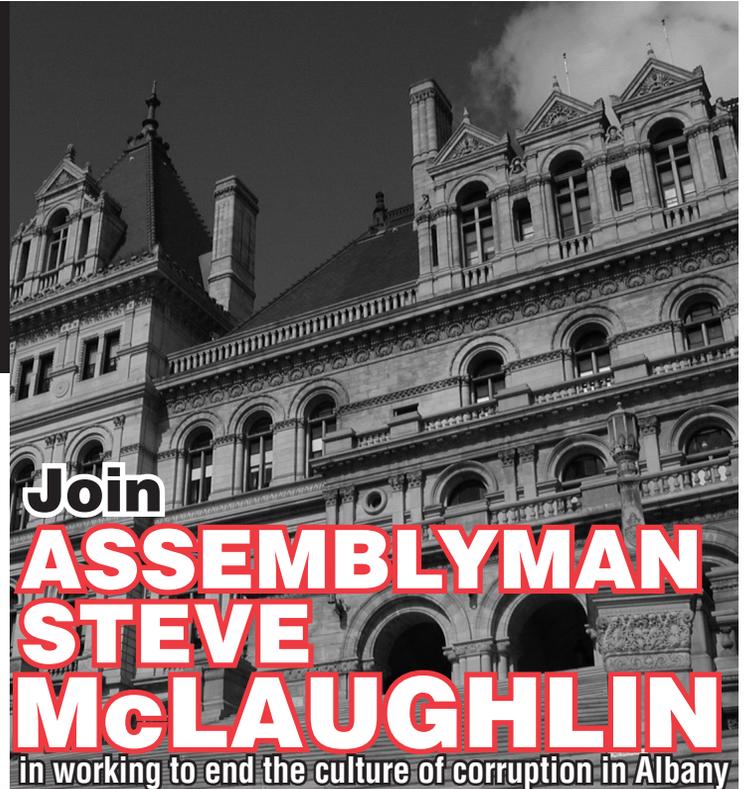

A group of crooked, self-serving politicians in Albany is funneling your tax dollars to their insider friends.

**THEY ARE WORKING FOR THEMSELVES,
NOT FOR US!**

Assemblyman Steve McLaughlin wants to end this season of “Bad Men.”

Assemblyman Steve McLaughlin is leading the fight to restore integrity and accountability to government. He sponsors legislation (A.7393, A.4935) that would crack down on corruption and restore public trust in government by:

- Banning public officials convicted of corruption from holding public office, lobbying, or bidding on state contracts;
- Strengthening penalties for corruption, bribery, and improper use of campaign funds; and
- Immediately stripping taxpayer-funded pensions and benefits from all politicians convicted of corruption.

If you have questions on this or any other state issue, please contact Steve's office:
