

Since day one, Assemblyman Dan Stec knew  
Common Core was poorly implemented...

# Assemblyman Dan Stec has always stood for responsible education, not just when it was politically timely to do so.

**Dan stood up for parents, teachers and students when state leaders ignored their calls for help.**

Dan's alternative to Common Core: **The APPLE Plan**

- **Suspend Common Core testing**
- **Re-evaluate the standards** with an independent commission of teachers and education experts
- **Eliminate the Gap Elimination Adjustment education cuts**
- **Increase teacher involvement and preparedness**
