

“You’ve worked hard to be able to enjoy your golden years. I’m fighting to make sure the North Country remains a great place we can all call home.”

**— Assemblywoman
Addie J. Russell**

Assemblywoman Addie J. Russell

Making your life a little more affordable

Assemblywoman Russell

helped pass an on-time state budget:

- **Contains no new taxes**, so you can keep more of what you've earned
- **Protects seniors from surprise medical bills** if they are unknowingly treated by an out-of-network doctor
- **Expands eligibility** for the Elderly Pharmaceutical Insurance Coverage (EPIC) program to help lower the cost of prescription drugs
- **Cuts an energy tax** on your utility bill

This year's budget rejected harmful changes to your health care that would impact reimbursement for pharmacies, saving small pharmacies from potentially going out of business, while protecting essential services such as home delivery.
