Plan for Real Change

New Yorkers need tax relief NOW.

BUTLER 
State Assembly

Marc Butler is working to cut costs and help you keep more of your hard-earned money. His plan cuts taxes for every New Yorker.

- **Long Term Relief:** My plan makes the Middle Class Tax Cut permanent, prohibits any unfunded mandates that drive up our local taxes, and requires a 2/3 majority vote of both houses of the state legislature to enact any cost to you, including tax increases, extensions or restorations, fees, assessments, surcharges, or any other such levy.
- **Cost of Living:** My Shop NY plan will eliminate the state sales tax on everyday necessities, including gasoline, car seats, bike helmets, and personal hygiene products.
- **Computers & School Supplies:** I know technology is a necessity in today's classroom; that's why my plan creates a tax-free week for all education-related purchases, including computers and software. It also makes out-of-pocket college expenses for course requirements tax deductible and creates tax credits for New Yorkers paying college tuition and student loans.
- **Energy:** We must put an end to escalating energy bills. That's why my plan includes a repeal of the 18-a assessment that drives up your energy bill at home and at work.
