NY SAFE ACT REMAINS

SPECIAL BULLETIN

Our Constitutional Rights Must Be Protected

It's been nearly three years since the governor forced through his so-called SAFE Act, which violated the Second Amendment rights of law-abiding citizens in our state. The manner in which this law was passed, the scope of the law, and the downright carelessness with which it was crafted prove it should never have been passed in the first place.

The law has been challenged in the federal court system, and I have no doubt that in the highest court, the US Supreme Court, justice and freedom will prevail. As your assemblyman, I am fighting for you and sponsor several pieces of SAFE Act repeal legislation.

I sponsor these two full-repeal bills: • **A.2651** • **A.3350**

The protection of your constitutional rights is among my top priorities.
