# Marc Butler: Our Upstate Solution

NY State government has trampled on freedoms, rewarded criminals and hurt upstate families. But Marc Butler stands up for you and the ideals and values we treasure here in upstate New York.

NY's misaligned priorities...	Marc fights for you by...
<p>College for convicts and free college tuition for illegal immigrants</p> <p>Special interest money and to use your tax dollars to reward their friends</p> <p>Constitutional freedoms curtailed</p>	<p>Fighting to expand Tuition Assistance Program (TAP) eligibility for middle-class families and students and other incentive programs like "Learning for Work" and the "Community College Merit Scholarship." (A.8681, A.8695, A.3049)</p> <p>Sponsoring legislation to limit the use and power of special interest campaign donations to ensure the people's voice is the strongest in New York. Butler also sponsors the "Truth in Spending" bill, which requires disclosure and transparency with state discretionary spending. (A.4643-A, A.9525)</p> <p>Sponsoring several bills to repeal the SAFE Act, including a bill to exempt Upstate New York from the governor's gun-grab law. Marc Butler has been a stalwart advocate of our Second Amendment Rights. (A.10354, A.2651, A.3350)</p>
