RecruitNY is a statewide open house and recruitment drive for New York's volunteer fire departments. These units rely on courageous, selfless members of our community to protect the lives and property of our friends and neighbors. The service these volunteers provide is not only for our protection, but saves an estimated \$3.87 billion on our property tax bills. I encourage you to stop by your local firehouse on April 23 and 24 to participate in RecruitNY and learn about what being a hero truly means!
