

# Join Assemblyman Gary Finch and Voice Your Concern!

**The cost of owning and driving a car continues to rise thanks to New York's addictive spending habits!**

We need to show Governor Paterson and Speaker Silver that we won't take it any more. If you're as fed up as me, please email me, or sign this petition, circulate to your friends and family and mail back to my office. I'll bring it straight to New York's leaders and show them that their spending habits are driving New York into the ground.
