

**Our Kids Deserve
a Fair Chance at
a Bright Future.**

A MESSAGE FROM
Gary D. Finch

New York State Assemblyman 126th District

Assemblyman Gary Finch has a plan to give our students a fair chance at a bright future by creating greater accountability, and ensuring that upstate schools get their fair share of state funding.

“Good teachers pave the way for a bright future. They are the most important advocates for our kids.”

Let teachers focus on educating our children instead of navigating government red tape and ever-changing policies.

Enhance awareness of occupational training programs for students.

Assure that our schools are given a fair share of state funding.

Reassess the amount of tests required and the increased emphasis of testing on our children, teachers, and schools.

Offer incentives and partnerships with businesses to stop the brain drain to other states and keep our future leaders at home in our communities.

Gary D. Finch
New York State Assemblyman 126th District
