

DELIVERING FOR US

**NYS ASSEMBLY SESSION 2015
SNAPSHOT**

ASSEMBLYMAN

Gary D. Finch

Gary Finch knows how hard his neighbors work to create opportunities for their families. This year, he made their job just a little bit easier.

DELIVERED record public education aid, a \$1.3 billion increase from last year. Gary wants our children to have the resources they need to develop the skills employers require in our evolving economy.

EXTENDED the property tax cap for four more years and secured \$1.3 billion in additional relief for eligible homeowners.

SUPPORTED the Small Business Full Employment Act, a bill that would create jobs by reducing taxes and fees.

CREATED economic opportunities and enacted protections against discrimination and domestic violence for women by passing bipartisan Women's Equality measures.

Gary D. Finch
A BRIGHTER WAY FORWARD
