GARY FINCH IS FIGHTING FOR OUR FUTURE

New York City insiders cut millions from our upstate schools. Last year, **Assemblyman Gary Finch** fought to restore \$600 million.

This session, he's fighting to secure the rest.

Assemblyman Finch knows a brighter tomorrow for our kids depends on needed school aid today.

Restoring these funds will:

- **Help** schools retain talented teachers
- **Equip** our classrooms with needed resources
- **Protect** art, music and athletic programs
- **Preserve** after-school programs
- **Control** our school taxes
