Assemblyman Gary Finch

PRIORITY: CLEAN, SAFE WATER

Our families have a right to safe, reliable drinking water. Gary Finch is fighting for the Finger Lakes because our way of life depends on it.

Assemblyman Gary Finch:

Secured funding to test water in our schools for lead, continue research and remediation efforts for the Finger Lakes, and install water filtration upgrades for Auburn and Owasco.

Now, Assemblyman Finch is fighting for \$2 billion in new funding to make New York a leader in clean water preservation.

The funding would:

- Protect our aquifers, tributaries, and source water
- Replace dangerous lead pipes
- Upgrade municipal water infrastructure
