

Assemblyman Peter Lawrence

IS FIGHTING
ALBANY
CORRUPTION

PROMOTING OUR VALUES, PROTECTING OUR FAMILIES

Integrity.

Integrity is important to Monroe County families. They work hard, they play by the rules and they expect the same from their public officials. That's why Peter Lawrence champions ethics reform. He knows Albany needs to change. He knows some Monroe County values are exactly what Albany needs.

PETER DELIVERED...

Legislation to end retirement benefits for politicians who steal from taxpayers. Monroe County families who are paying off mortgages, buying groceries and saving for college should not be paying for politicians to enjoy lavish retirement benefits after they're convicted of felonies. It's wrong, and Peter put a stop to it. (A.4643-A, S.8163)

PETER FOUGHT TO...

Empower All New Yorkers. Every community in our state faces unique challenges. Every legislator has unique ideas. That's why Peter backs a bill that would allow each member of the Assembly to bring at least one statewide bill to the floor for a public vote each year. (A.4647-A)

NEXT SESSION, PETER WILL...

Fight to establish an ethics enforcement office to police the Legislature. The agency would be led by an ethics czar who could serve a maximum of two terms. Peter thinks taxpayers deserve an independent watchdog to root out corruption and help restore the public trust.
