WORKING FOR US**

MARK JOHNS: DELIVERING REAL REFORM

Mark Johns pledged to bring reform to Albany and he has delivered. He brings a common-sense approach to our State Capitol and works in a bipartisan manner to build consensus on the issues most important to us, including:

- Requiring **lawmakers who break the law to forfeit their taxpayer-funded pension** (A.7173), allowing each member to bring **one bill up for a vote** per legislative cycle (SOLE Act, A.2747), and creating a 12-year term limit for state legislators (A.6236-A).
- Reforming the implementation of the Common Core education standards with **the APPLE Plan** (A.8844).
- Curbing human trafficking (A.8808), and **enhancing protections** against violent felons (Brittany's Law, A.8916).

- **Creating Jobs** with a Career and Technical Education Diploma (A.8189) to provide industry-specific education, as well as the Jobs for Our Heroes and GIVE Back NY programs designed to help veterans obtain gainful employment.
- **Creating a task force to investigate the heroin epidemic** and passed a comprehensive package to combat heroin, keep our communities safe and expand options for addicts.
- **Increased funding** for education and libraries.
- Helped **pass 4 on-time, fiscally-sound state budgets** that reined in spending.

- Voted against 172 tax hikes, which would have cost New Yorkers \$72.2 billion. He also voted 45 times to cut taxes, **saving New Yorkers another \$7 billion.**
- Continuously supported local roadway improvements with **increased CHIPS funding.**
- Called for Albany to pass the **Public Assistance Integrity Act** (A.2386) to prohibit taxpayer-funded public assistance from being spent in strip clubs and on gambling, alcohol and tobacco.
